# DEATH COMES GENTLY TO NOTED HUMORIST.

Mark Twain Dies, Outworn by Grief But  
Without Acute Suffering.

Daughter, Literary Executor and Physicians at Bed-  
side When Heart-Broken Fun-Maker and Great  
Author Breathes His Last—Faintly Cheerful to the End,  
Realizing His Approaching Fate.

[ASSOCIATED PRESS NIGHT REPORT.]

REDDING (Cal.) April 21.—Samuel Langhorne Clemens (Mark Twain) died peacefully at 4:30 tonight of angina pectoris. He lapsed into coma at 3 o'clock this afternoon and never recovered consciousness.

It was the end of a man outworn by grief and acute agony of body. Yesterday was a bad day for the little knot of anxious watchers at the bedside. For long hours the gray, aquiline features lay moulded in the inertia of death, while the pulse sank steadily, but at eight he passed from stupor into the deep natural sleep he had known since he returned from Bermuda, and then he was refreshed, even faintly cheerful, in full possession of his faculties.

His daughter, Clara Clemens (Mrs. Clemens), spoke a few words, telling him to write out in pencil.

Three hours later, lying there, he spoke first in a reverie and later into final unconsciousness.

END NOT EXPECTED.

There was no thought at the time that the end was so near. At 5 o'clock Dr. Robert Halsey, who had been continuously in attendance, said:

"Mr. Clemens is not so strong at this hour as he was at the corresponding hour yesterday, but he has wonderful vitality and he may rally again."

Albert Bigelow Paine, Mark Twain's biographer and literary executor, said to a caller who desired to inquire for Mr. Clemens:

"I think you will not have to call often again."

Nevertheless, Mr. and Mrs. E. E. Loomis, who had come in from New York to give their love in person, left Redding, Mr. Clemens's home, with a feeling of relief, and only a few minutes after they were talking the end to New York again. Mrs. Loomis was Mr. Clemens's favorite niece, and Mr. Loomis is vice-president of the "Lackawanna Railroad."

Stanley Jarvis Langdon, a nephew, who had run up for the day, left wholly unimpressed.

AT THE DEATH.

At the death were only Mrs. Gabriellawitch, her husband, Dr. Robert Halsey, Dr. Quintard, Albert Bigelow

**PRESIDENT PAYS  
TRIBUTE TO TWAIN.**

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON (D. C.) April 21.—[Exclusive Dispatch.] President Taft, who has expressed the keenest interest in the condition of Samuel L. Clemens, since the report of his serious illness, when informed of the death of Mr. Clemens tonight, wrote personally this statement:

"Mark Twain gave pleasure—real intellectual enjoyment—to millions, and his writings will continue to give such pleasure to millions yet to come. He never wrote a line that a father could not read to a daughter. His humor was American, but he was nearly as much appreciated by Englishmen and people of other countries as by his own countrymen. He has made an enduring part of American literature."

Paine, who will write Mark Twain's biography, and two trained nurses, Restoratives—digitalis, strychnine and camphor—were administered, but the patient failed to respond.

A tank of oxygen still stands, uncalled for, at Redding station. Oxygen was tried yesterday and the physicians explained it was of no value because the valvular action of the heart was so disordered. There was only an extreme and increasing debility, accompanied by labored respiration.

Angina pectoris is a paroxysmal affection of the chest, baffling and obscure of origin, characterized by severe pain, faintness and deep depression of spirit. The pain is severe and of a crushing, or stabbing, character. The attacks increase in frequency and

**NOTED AUTHORS PAY  
TRIBUTES TO TWAIN.**

Charles Major,  
Edith Nicholson  
and William Comb Riley Praise  
Master of American Humorists.

[BY DIRECT WIRE TO THE TIMES.]

INDIANAPOLIS (Ind.) April 21.—[Exclusive Dispatch.] The following tributes to Mark Twain were given out tonight by noted American authors:

He wrote the best American story, I think, Huckleberry Finn. He seemed to me the greatest prose writer we had and beyond that a great man. His death is a national loss, but we have the consolation that he and his genius belong to the world and were of us.

(Signed) BOOTH TARKINGTON.

His heart was full of merry seasoned justice, therefore his work is not a mere series of laughter, but a storehouse of wholesome truths for every-day human use. His heart was full of love, therefore he will be buried beneath an avalanche of grief, such as has seldom gone out from the hearts of all men towards the best of one. Everyone who loves gentleness and strength, tenderness and truth, funniness and love will mourn because Mark Twain is dead, but a rich compensation is ours in the joy because of his love.

For all these reasons and more, the good that Mark Twain has done will live after him for many a generation to come.

(Signed) CHARLES MAJOR.

**CAREER ROUNDED OUT.**

Mark Twain's career was rounded out to the satisfaction of his most ardent admirers. A harum scarum boy in a river town, a cub pilot, a rambling journalist, a mining prospector, a writer of funny books, a travel, a lecturer, a reader of men, a destroyer of shame, a preacher of common sense, a master of romance, a great literary artist, a ripened scholar, and finally a world-honored patriot.

He wrote about Americans so as to let us know of our weakness and follies and extravagances and he yet never seemed to be ashamed of us and never caused us to be ashamed of ourselves. The charm of his story telling has been conceded by every one who reads English, but when his work is summed up he will be called a great satirist, a preacher and a reformer.

(Signed) GEORGE ADAMS.

He was primarily and essentially a humorist, but his superiority to the mere funny man, and we have had scores of jesters, lay in the fact that

## FAMED FOR FUN-MAKING, HE DIES OF BROKEN HEART.

## "NIBLO" RETURNS TO "MIZPAH."

FORTUNE TELLER WITHDRAWS  
DIVORCE ACTION.

Star Reader, Whose Exploits in Los Angeles With Miss Antoinette Gassam Cause Many Sensations, Decides Against Separation—Cost Heiress \$50,000 to Settle Suit.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 21.—[Exclusive Dispatch.] "Professor Niblo," a fortune teller, known in private life as Marshall Clark, who recently brought divorce proceedings against his wife, "Mrs. Mizpah," suddenly withdrew his suit today.

Miss Antoinette Gassam, daughter of the late Senator Gassam of Pennsylvania, who learned to read the palm and love the mystic while studying with him in numerous hotels throughout the West, recently inspected signs of the zenth more closely and decided that she did not want to die in an effort to win Clark, or pay \$25,000 to win him through the courts.

When Miss Gassam graduated from her first lessons in the mystic at the Lankersheim Hotel, in Los Angeles, where Clark and his wife were living, the fortune teller left his wife to look after the studio and hurried to Nevada with Miss Gassam. There he learned that the nickel-in-the-slot divorces were barred and he came to Chicago. Here he filed a bill for divorce, charging cruelty, but was told that he could not win on those grounds. He then filed a second bill, attacking the validity of the divorce of his wife from her first husband, Jackson Dorsey, of Los Angeles.

The suit as it stood today threatened the legitimacy of Dorsey's two children by a second wife.

A sensation followed the disclosure of the relations between Clark and the heiress when Mrs. Clark filed a suit for \$150,000 damages against Miss Gassam, charging her with the seduction of Clark's affection. The suit was recently settled out of court. The amount Miss Gassam was to receive for her expending was \$50,000.

## LOST WITH JEWELS.

South Pasadenan  
Disappears.

Norman P. Cummings Drops  
Out of Sight in Chicago.  
Wife Alarmed.

Police Believe Robbers Got  
Him for Large Amount  
of Cash and Gems.

Wears Many Precious Stones  
Because He Dares Not  
Leave Them.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, April 21.—[Exclusive Dispatch.] Norman P. Cummings, who built a \$1,000,000 apartment house in this city in 1907, and whom last heard from had an especial jeweled pin for every necktie he wore, ended a tour around the world Wednesday by disappearing in Chicago with \$250 in cash in his possession and jewelry secreted on his person valued at \$37,000.

The police were asked tonight by Mrs. Cummings to look for her husband, and the theory advanced was that he had been taken by robbers. In the three days that the couple had spent in Chicago on their return from the world tour, they had occupied apartments at No. 1224 La Salle avenue.

Mr. Cummings owns a residence in South Pasadena, Cal., where he spends the winters.

The disappearance of Mr. Cummings soon became known to former friends of the millionaire real estate man and builder, and created a sensation. Mrs. Cummings could not be reached for the matter, except to say that she last had seen her husband Wednesday afternoon at Jackson boulevard and Washington avenue, when he left her to go to the American Express Company's office.

**VICTIM OF ROBBERY?**

They had left the house together at 9:30 o'clock a.m., according to Mrs. Cummings, her husband taking with him a large amount of cash because, he said, he had a big business deal to attend to, and the jewels because he feared to leave them unprotected.

Prior to that, they had visited a State-street store, where Mr. Cummings had purchased a hat, and had visited various places in the loop.

"I am sure my husband has been assaulted and robbed," said Mrs. Cummings to Lieut. Damman of the Chicago-avenue Police Station, to whom she reported the disappearance. "He was in good health, had nothing to worry him and there is absolutely no other explanation of his disappearance."

The theory of the police is that robbers, who knew Cummings always carried the jewels and a large amount of money, have been following him for some time, awaiting an opportunity to grab him. It is feared he was struck down in some doorway, or thrown into a cab and driven away from the crowds.

## LOVER OF JEWELS.

Tonight, on plain by his agonized wife, the officers made the rounds of all the hospitals and called up a majority of downtown physicians who might have been called had Cummings been taken suddenly ill, but there was not the slightest trace to be had of him. The police fear that if their theory of assault and robbery is correct, the body of the millionaire will eventually be found in the river.

Mr. Cummings, always a lover of jewels, had acquired a valuable collection, according to his wife's statement to the police, and had added to it in their travels. Among the articles she mentioned in her report was a scarf pin which he wore when she last saw him which she said was valued at \$5000. It consisted of numerous large diamonds set in the form of a horse shoe. He also wore, she said, a watch chain which was set with diamonds and was valued at several thousand dollars.

Mr. Cummings was well known in Chicago until he retired from business here about three years ago, when he left Chicago with his wife to reside in California.

## MRS. YERKES TO TRY AGAIN.

Rumor Says Wealthy Widow, Undaunted by Miser Experience, Will Wed "Billy" Lower.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, April 21.—[Exclusive Dispatch.] Gossip in the Fifth avenue clubs and in other brightly lit circles has lately considered the probability of Mrs. Charles T. Yerkes again venturing into matrimony. After her miser experience, it was said that she was through with marriage forever, but it is now reported that she is really contemplating changing her name to Mrs. William Lower.

One rumor has it that "Billy" Lower will celebrate his fiftieth birthday by marrying Mrs. Yerkes. "Billy" Lower is well known in real estate circles and has long been a prominent promoter along the avenue. Albert Morris Bagby and Stacy Clark are in his set.

## LOOTED OF HALF-MILLION.

## HOMESEEKERS GIVE GREETING TO DIAZ.

Times Excursionists on Border Line  
Between Two Republics Voice Patriotism and Friendship—Tour Through  
Valley Reaches Calexico—Barbecue.

BY SAM G. AUSTIN.

[BY DIRECT WIRE TO THE TIMES.]

CALIXICO, April 21.—[Exclusive Dispatch.] An international significance was given the gathering of the Times' Homeseekers' Excursion party at the princely California and Mexico Land and Cattle Company's ranch this evening.

While the members of the party and Calexico residents stood near the international boundary addresses reflecting the friendly relations between the sister republics were given by representatives of Imperial Valley interests.

A hearty response was made in Spanish by Judge Miguel Lira y Lira of the Court of First Instance in the Mexican district across the line. He referred to the pleasure he felt in seeing so many citizens of Los Angeles and other California towns visit the section that lies close to the invisible line marking the division between the United States and Mexico.

He said it was well that the two republics should be on friendly terms. He declared that Mexico respects all worthy American citizens and safeguards their interests when they are in the country he has the honor to serve as a magistrate.

## TRIBUTE TO DIAZ.

E. H. Lockwood, president of the Calexico Chamber of Commerce, delivered a brief speech that seemed to strike the right chord in the hearts of those present. He said in substance:

"We Americans here joyously assembled at the border line of the two republics on the soil of the 'Rancho of the Two Flags' send greetings to the distinguished head of the Mexican nation, President Porfirio Diaz, and with gladness, honor and respect we recognize his candidacy for the United States."

## COBB WANTS HALE'S SEAT.

**CHOOSE VICE-PRESIDENTS.**

Nine Revolutionary Daughters Elected to Honorable Offices; Two Vacancies Yet to Fill.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, April 21.—There was a full attendance of delegates when the session of the ninth Continental Congress of the Daughters of the American Revolution opened today. Every one of the daughters was anxious to hear the result of the election of the vice-presidents general. Today's programme consisted of the reading of reports from the State regents and standing committees.

The selection resulted in the choice of nine vice-presidents general. This leaves one vacancy, which will be filled by a second ballot tomorrow. As none of the candidates for honorary vice-president general received a majority vote, the second ballot also will decide who shall fill the one vacancy in that office.

The nine vice-presidents general are Mrs. Egbert Jones, Mississippi; Miss Virginia H. Shackelford, Virginia; Mrs. LaVerne Noyes, Illinois; Miss Ellen Macrum, New Jersey; Mrs. William E. Stanley, Kansas; Mrs. Edward Randall, Texas; Mrs. J. T. Sterling, Connecticut; Mrs. Emily P. Moore, Vermont; and Mrs. Andrew K. Gault, Nebraska.

**BREAKS PRECEDENT.**

**KAISER TO MEET HIM AT STATION.**

ROYALTY PLANS UNUSUAL HONORS FOR ROOSEVELT.

Announcement of Democratic Greeting Causes Prussian Courtiers to Gape With Amusement—Americans in Berlin Disappointed by Rejection of Reception Invitation.

(BY DIRECT WIRE TO THE TIMES.)

BERLIN, April 21.—(Exclusive Dispatch.) Emperor William of Germany will go to the station to meet Mr. Roosevelt when his train arrives May 10. This feature of the programme, the correspondent of The Los Angeles Times is informed, has been arranged in accordance with His Majesty's earnestly expressed wish. Only a change in the train schedules or an unforeseen interruption can change the plan.

This is the latest addition to the list of unusual courtesies which His Majesty has outlined in fulfillment of his purpose to pay his guest conspicuous honors. The compliment of a personal reception of this kind has been reserved scrupulously for reigning sovereigns, and even in the case of royal princes and Cabinet Ministers in office no exception has been made.

According to the precedents of Prussian court etiquette the Kaiser's intention to meet a private citizen in this democratic fashion on the railway platform and to drive with him to the castle is a startling departure, greeted in diplomatic circles with open amazement.

Keen disappointment has been aroused in the American colony of Berlin by Mr. Roosevelt's writing that he will be unable to accept the invitation to the proposed reception by the American Association of commerce and trade. It means that a majority of resident Americans will be deprived of the opportunity of meeting the traveler.

Ambassador Hill is planning a reception at his house, but the number of invitations will be limited strictly, owing to lack of room. Even this may be abandoned, owing to the uncertainty regarding the Kaiser's plans.

Ambassador Cambon has invited Mr. Roosevelt to luncheon at the French Embassy.

**CONVICT CUTS COMRADE.**

Desperate Fight in Prison Jute Mill Results in Fatal Wounding of One Combatant.

(BY DIRECT WIRE TO THE TIMES.)

WALLA WALLA, April 21.—(Exclusive Dispatch.) In a desperate fight in the jute mill of the Washington penitentiary today, A. J. Schwartz, a convict, was fatally wounded by M. Saunders, another prisoner. Saunders made the attack because Schwartz refused to give him a chew of tobacco. Schwartz's throat was slashed from ear to ear by a table knife which Saunders smuggled from the prison dining-room several days ago.

The battle took place so quickly that the guards at first believed Schwartz had been hurt by a shuttle flying from a loom in the jute mill. After Schwartz had been taken to the hospital he said Saunders cut him, and the latter confessed.

Saunders is 22 and was sent up from Skagit county for burglary last July. Schwartz is 21 and is serving a term for robbery in Pierce county.

**AIMS TO MAKE MEN.**

Sponsor So Describes Bill to Charter "Boy Scouts of America"—Idea in English.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, April 21.—"It is a bill to make men," said W. D. Boyce of Chicago, in describing the bill introduced yesterday by Representative Graft of Illinois, asking for a charter to incorporate the "Boy Scouts of America."

"The purpose is to organize the boys of the United States into units and systematically teach them patriotism, obedience, courage, courtesy and cheerfulness—to supplement existing educational advantages for boys."

The incorporators claim nothing new for the movement, as there are more than 200,000 boy scouts in England, all enrolled within the last three years.

Mr. Boyce, who is an ardent advocate of outdoor life, brought the idea to this country. The boys are to be organized into patrols of five or six members each, two or three patrols forming a troop, in charge of an officer known as a scout master.

**INDIANS WON'T BE COUNTED.**

Pueblos Refuse to Allow Enumerators to Work—Troops May Be Used to Protect Them.

(ASSOCIATED PRESS DAY REPORT.)

ALBUQUERQUE (N. M.), April 21.—Census takers are having serious trouble with Indians at the neighboring pueblo. It has been necessary for the Indian agents to intervene, as the Sania Indians positively refuse to allow the census to be taken, and it is possible that troops from Fort Winifred will be sent to the village. Former Gov. George Curry has been asked to take up the matter with the leaders of the tribe, as he is well known by them.

Fears are entertained at Morgan City, La., for the safety of the tug Delta, carrying a crew of ten men, which sailed from Galveston, Tex., last Saturday in tow of two barges. It was due to arrive here last morning.

## Women's Plain Tailored Suits \$15

Light Weight—Actual \$25.00 Values.....

#### \$1.00 Hair and Cloth Brushes . . . 50c

Hair ornaments in shell and amber, back combs, side combs, hair pins, coil pins, barrettes and bandeaux. Values up to 25c. On sale today at 5c each.

Hair brushes and clothes brushes, pure bristles, solid wood backs. Some of the well known "Spotless" hair brushes in this lot. All of them good \$1.00 values. On sale today at 50c.

## Remnant Sale Today

### Prices About Half

Remnants of silks, dress goods, linings, wash goods, white goods, sheeting, domestics, linens and all other yard goods including drapery materials. Also trimmings, laces, ribbons and veilings; good lengths. All on sale today at about half price.

SURE THEY ARE  
MAIL ROBBERS.Engineer Positively Identifies  
Jailed Suspects.Mole on Forehead of One Is  
Distinctly Recalled.

Traction Employees Also Recognize Twin.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, April 21.—With the more positive identification by Engineer George Marsh of James Franklin and Fred Hansen as the two bandits who held up and robbed the China-Japan fast mail train near Benicia last Saturday night, Captain of Detectives Peterson is confident in his belief that he has the perpetrators of the crime in custody. Marsh saw the men again tonight, and stated that in every way their features are similar to those of the bandits.

"They walk like the men who held us up, and besides looking like the fellows, their actions are the same."

A mole on the forehead of Hansen is one of the striking facial features of the smaller of the two suspects, and Marsh remembers distinctly that the smaller of the two bandits had such a blemish upon his brow.

The two employees of the local traction company have identified the men as the two who excited comment by their frequent trips on the San Pablo avenue car line during the week prior to the robbery. This line partially extends into the territory lying between Martinez and the beach, through which it is thought the course of escape was laid.

Franklin and Hansen have failed to give the authorities any satisfactory statement of their movements during the three weeks preceding their arrest.

The hair on the backs of Franklin's hands is partially shined, and it is the theory of the police that this occurred during the launch trip on the bay. Franklin does not account for the absence of the hair from his hands in a way that inspires the belief of the officers in his statement.

Herbert J. Black, the mail clerk who threw out the sacks to the robbers, was not as positive in his identification of the men, although he was impressed with the similarity of the light color of Franklin's eyes with those of the taller robber.

CHINKS COUNT IN ALASKA.

Census Director Rules San Francisco

Cannot Enumerate Fishermen

Temporarily Absent.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, April 21.—[Exclusive Dispatch.] The five thousand Chinese who left San Francisco in March, to be gone only a few months to work in the Alaskan fisheries, cannot be counted as part of the population of that city, Census Director Durand made a ruling to that effect today.

Congressman Kahn had contended that the city should have the benefit of the enumeration of these Chinese, for San Francisco is at least their permanent abode. Durand could not stretch the law to apply, however.

"We can count a floating population only where it happened to be on April 15," said the director. "Those Chinese fishermen who can be reported in San Francisco as having their abode there can be counted, of course, but a floating laborer, without permanency of habitation, cannot be. To count the Chinese now in Alaska as San Franciscans would necessitate our ascertaining and establishing their residences in that city, which would be a costly task."

"The long headquarters cannot under the provisions of the law be regarded as the residence of a Chinese, although that might seem a reasonable view. Though the circumstances of this case are unusual, we must adhere to uniformity as much as possible and the Chinese fisherman will have to be counted as part of the population of Alaska."

HONOR FOR SURGEON BLUE.

DELEGATE TO BIG CONGRESS.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, April 21.—Surgeon Rupert Blue, formerly stationed at San Francisco in charge of Federal sanitation work there, has been detailed to represent the United States public health and marine hospital service at the international congress on medicine and hygiene to be held in Buenos Ayres next month. At the conclusion of the congress Surgeon Blue will proceed to Valparaiso and Callao on special temporary duty for the purpose of studying sanitary conditions in those cities. Dr. Blue's orders of the conclusion of a three months course of work at the London School of Tropical Medicine.

WASHINGTON BRIEFS.

Simons Postmaster Named.

WASHINGTON (D. C.) April 21.—[Exclusive Dispatch.] Walter F. Simons has been appointed postmaster at Los Angeles, California, vice W. R. Clements, resigned.

Postmaster Gets Furlough.

WASHINGTON (D. C.) April 21.—[Exclusive Dispatch.] The Postmaster-General has granted leave of absence to all postmasters of the first, second and third class in California, for as many days, not exceeding six, as may be necessary to attend the meeting of the California Association of Postmasters, to be held at Santa Cruz, June 15 to 16.

ABOVE SPITE IS BALLINGER.

Gives Permission for Californians

to Name Big Tree 'Gifford

Pinchot.'

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON (D. C.) April 21.—[Exclusive Dispatch.] Secretary Ballinger today granted permission to the Sierra Club in San Francisco to give the name of Gifford Pinchot to a giant tree in the Half Woods National Park in California.

Many applications have been made to the department to name trees after living men. All have been refused except this instance and one other, when a tree in the Yosemite Valley was named Theodore Roosevelt.

PARIS EXTENDS A ROYAL  
WELCOME TO ROOSEVELT.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, April 21.—No reigning sovereign ever received a more enthusiastic welcome to Paris than did Theodore Roosevelt today. He reached here at 7:30 this morning, and was greeted by representatives of the President, the Cabinet, Ambassador Bacon, M. Jusserand, French ambassador at Washington, and a great concourse of people.

After luncheon at the American embassy, Col. Roosevelt called upon President Poincaré and Foreign Minister Pichon, who immediately paid return visits to the embassy.

Part of the afternoon was devoted to private engagements, and this evening, Mr. Roosevelt was given an ovation at the Comedie Francaise, where he made his first real public appearance in Paris, occupying the Presidential box placed at his disposal by M. Fallieres.

Anticipating his coming, every seat and every box in the theater had been sold days in advance. When Col. Roosevelt entered the theater, accompanied by Mrs. Roosevelt, Miss Ethel and Kermitt, and by Ambassador and Mrs. Bacon, the audience rose, volleys of applause bursting from the boxes, pit and galleries. For a full minute the Colonel made no response, but as the demonstration continued to heat up, he bowed his acknowledgments.

ENJOYS PLAY HUGELY.

The bill was Sophocles' Greek tragedy, "Oedipus Rex," staged and acted as possible only at a French national theater and Mr. Roosevelt seemed to enjoy it hugely.

At the end of each act, when Mounet-Sully, who played the title role, and the other performers responded to applause they advanced, as is customary when royalty is present, bowing profoundly in the direction of the former President, before turning to the audience. This seemed to give additional pleasure to the audience, which each time gave a fresh round of applause for Mr. Roosevelt.

During one of the intermissions, Jules Claretie, director of the theater, conducted the party through the magnificent foyer, pointing out the state portraits and relics of actors and authors connected with the history of the famous house.

The Temps tonight fairly reflects the tone of the entire French press, declaring Roosevelt's tour of Europe is unparalleled in history.

"No democratic chief of state," the paper says, "ever before enjoyed such popularity. We are accustomed to formal visits of Kings and Presidents, but Roosevelt is no longer President. He is the man, therefore, not the office, which is being honored. It is his vigor, his personality, his character, ideas and temperament which appeal to European opinion."

UP AND DOWN THE VALLEY.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, April 21.—[Exclusive Dispatch.] There was lots of sunshine today, but the wind was chilly enough to make overcoats and wraps very comfortable. Today's maximum temperature was 53, and the minimum 44 deg. Middle West temperatures:

DOCTOR GETS BIG FEE.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, April 21.—Dr. L. C. H. Ziegler, by Supreme Court decision rendered today, is entitled to \$100,000 from the estate of Mrs. H. M. Vicker as provided by the contract he held to render her medical attendance during her life. Dr. Ziegler lived up to his part of the contract for five years, when Mrs. Vicker died. Her heirs attacked the contract and won in the lower courts, but this decision was reversed by the Illinois Supreme Court at Springfield today. Mrs. Vicker died in California, August 24, 1904.

BRYAN TO TALK TO 'DRY'S.'

[ASSOCIATED PRESS NIGHT REPORT.]

SPRINGFIELD (Mo.) April 21.—William J. Bryan will speak in Missouri in support of the movement for State-wide prohibition to be voted on next November according to an announcement made here today.

DIES TRYING TO SAVE PICTURES.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO (Kan.) April 21.—Miss Martha German yielded up her life today as the result of a vain effort to rescue the pictures of her father and mother from her blazing home. Miss German was blown out of her house at midnight by a natural gas explosion which first broke in the building. She rushed back after the pictures and was fatally burned, dying a few hours later.

MISS ADAMS, BUSINESS MAN.

[ASSOCIATED PRESS DAY REPORT.]

CHICAGO, April 21.—A woman for the first time has been elected to membership in the Chicago Association of Commerce. The Constitution does not exactly provide for members from the fair sex, but the Ways and Means Committee ignored such trifles at its luncheon yesterday and unanimously chose Miss Jane Adams of

Give Your Stomach  
A ChanceTo Furnish the System the Necessary  
Fluids to Drive Dyspepsia From  
the Stomach.

A Trial Package Free.

You should give to your stomach the chemicals it needs to restore tone, vigor and health to the gastric fluids. Food contains all these ingredients so necessary, and when the stomach is in a normal condition it separates these ingredients as it should and manufactures its own digestive agents, but when it is sick and sore, filled with acids and alkalis that irritate everything they come in contact with, it does not get at the food as it should and cannot make its own juices correctly.

Science has proven just what is most necessary to the stomach to produce the correct gastric fluids and to make of digestion a naturally pleasant duty.

Stuart's Dyspepsia Tablets are so made as to give the stomach the highest chemical properties to aid digestion. These tablets are made up from pure fruit and vegetable essences, and this is the formula: Hydrates, Golden Seal, Lactose, Nux, Aspicin, Pepsin (the highest digestive known), and Jamaica Ginger. Its preparation peculiarly preserves the full strength of these ingredients, so that they go into the stomach strong and capable of digesting food of any character. Forty thousand physicians use and prescribe them. Ask your doctor his opinion of the formula above. Every druggist sells them. Price 50c per box, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 159 Stuart Building, Marshall, Mich.

Grand Jury Stops Testimony to Study

Important Document—Pattern Is

Familiar.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, April 21.—That the government's investigation of cotton speculation will go much deeper than has been supposed was indicated by the course of events today. The grand jury which has been investigating the bull cotton pool stopped work on the case until next week after it is said it has obtained possession of a document having an important bearing on the case.

Whether the government investigators had unearthed a copy of the alleged pooling agreement could not be definitely learned.

One of the government's witnesses, David H. Miller, was examined today. Mr. Miller was reported to have said he had a copy of the bull pool agreement and would submit it to the grand jury.

James A. Patten, the Chicago operator, who is in New York and is interested heavily in cotton, delivered himself of some pessimistic utterances today. He said he believed that most of the cotton mills of the world would have to shut down in August and September because they would have no cotton to work with.

SIMON JURY STILL OUT.

Twenty-four Hours of Deliberation Is

Not Enough to Settle Fate of

Alleged Graft.

[ASSOCIATED PRESS NIGHT REPORT.]

PITTSBURGH, April 21.—After deliberating over the case of Councilman A. V. Simon for twenty-four hours, the jury failed to reach a verdict when court adjourned for the day and were locked up for the night.

Simon is the second of the indicted Councilmen to be put on trial for bribery.

The grand jury made its final report, and nothing further to report in connection with the case of graft, although it believes corruption still exists. This will be left to the grand jury, which convenes next Monday.

HURRYING WOLTER CASE.

Prosecution Reels After Evidence of

Mueller Girl—Defendant to Go

on Stand Today.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, April 21.—The trial of Albert Wolter, with its morbid, unwholesome pictures of the slaying of little "Wendy" Wiesler by choking her and burning her still living body in the fireplace of Wolter's room, moved expeditiously today toward its close.

The prosecution rested its case this afternoon, soon after Wolter's companion, Katie Mueller, a fragile girl, returned with fright, had told of seeing Wolter at night stealthily at work on the toilette fireplace.

Wolter's attorney then briefly outlined the case. Wolter will take the stand in his own defense.

## SPORTING NEWS, LOCAL AND TELEGRAPHIC.

## BERNARD PUT OUT BY HITT.

Popular Los Angeles Player Struck on Temple.

New Infielder for Vernon Plays Good Ball.

Nagle Surprises Himself With Home Run.

Los Angeles, 4; Vernon, 2.

With Nagle pitching yesterday, the Angels had no trouble in beating the Haps at Chutes Park in a close and interesting game, but after the sixth inning the great majority of the fans took little real interest in the struggle for in that round Curtis Bernard, right fielder for the Los Angeles team, was knocked out for ten or fifteen minutes by being hit on the right cheek bone by a ball swung by Roy Hitt.

Hundreds of fans thought that Bernard had been killed for when he was hit he dropped to the ground as if shot and lay motionless. Players and doctors rushed to him and worked with him five minutes without being able to restore him to consciousness and he was finally carried to the clubhouse, where he revived and walked out of the grounds. It was a very narrow escape for one of the most popular ball players in the league, for had the ball hit the temple it probably would have been the final strike-out for Bernard.

Aside from this accident there were two other noticeable features in the game, one being the home run hit by Nagle in the ninth inning and the other the appearance at third base for Vernon of a boy named Vernable. This bird in all probability may be able to fly some day in good company, but at present he needs a lot of experience in fast company. He made one play, however, and had he not been rattled by his first appearance in league ball, he could have made a better one.

THREE IN A ROW.

The Angels opened the second with three singles in a row, Roth starting with a single to left; Delmas following with a bunt toward first base and Orendorf with one toward third, the bases thus being full with no one out. Then with the Vernon infielders playing close in for a squeeze or a hit and run play, Nagle hit a low liner toward third base. Vernable saw this coming and jumping to the right and sticking out his bare right hand he snared the ball, threw it to first base and made a triple play including Orendorf in the outs, but he waited too long to see if he could get Delmas at second; it was a great stab and was loudly applauded.

The third str in the game was in

Nagle's home run over the left fence. It was a mighty swipe, the ball striking the top of the fence, bounding high into the air and then falling on the outside of the enclosure. It was a strange thing for Nagle to do for he never made any baseball play by hitting home runs and the one yesterday came as an awful shock.

The game was a cracking good one in every way but Umpire Van Halteren stirred up a lot of noise at various times by home plate decisions that did not please the fans even a little bit. He made the majority of these funny rulings on Hitt's pitching, but some of the guesses might have been excusable, for a sweeping curve heavier than Hitt often fools the best of the umpires.

It was a real ball game from start to finish and the Angels put up one of their old time performances. Of course it is not difficult to play behind Nagle and while the chances were not particularly hard all were handled in his class manner. Martineau muffed a fly and Vernable fough a bouncer, but other than these the Vernons put up high-class ball.

Two singles and two outs made the first Angel run; a hit by pitcher, two outs and a single the next one; an error, a fielder's choice and a single the third one and Nagle's homer the final run. For Vernon, Coy's double and two sacrifices brought the first run and Kit Brashers' double and Martineau's single and force-out the second one.

HENLEY'S BAD LUCK.

LOS ANGELES IN ONE INNING.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, April 21.—Henley got in

the game today just long enough to

have the defeat of the San Francisco

team, by a score of 7 to 5, charged to

him.

He served the cause in the ninth in-

ning when Miller stepped out and Se-

auments got busy with the bat. Four-

ier beating a hit to first to start the

ally. The score at this point stood

President Taft Pitching the First Ball of the Season at Washington.

He threw the sphere at Walter Johnson, the California pitcher, and afterwards presented it to him with his au-

thority. Johnson, who was the only one of the players to be present, called it a day. Score:

SACRAMENTO.

## POSSE CHASES AUTO THIEVES.

Two Six-Cylinders in Mail  
Night Race.

Fine Machine Stolen; Owner  
Acts Promptly.

Police Believe an Organized  
Gang Is at Work.

Tearing through space with cata-  
paultic velocity, a specially-chartered  
four horse power touring car, containing  
four private detectives directed by  
Stanley Benedict, No. 728 Church  
street, plunged over the road to Ven-  
tura last night, in pursuit of two  
thieves who stole a seven-passenger  
automobile belonging to G. H. Nar-  
bonne, No. 228 Juliet street.

The stolen automobile is a six-cyl-  
inder Stevens-Duryea, seven-passenger  
car, of which type there are not more  
than three in Los Angeles. Its pow-  
erful sixty horse power engines enable  
it to maintain a terrific speed for a  
long time. The pursuers managed to  
obtain another car of the same pattern  
from an automobile dealer and the race  
across country developed into an en-  
gine endurance contest. Although the  
fleeing thieves had the advantage of  
at least a half hour's start and prob-  
ably a perfect knowledge of the road  
over which they made their dash, the  
Benedict party was hopeful because  
it was believed that the automobile  
robbers would not expect such a fast  
pace from those who followed them.

The men who were seen to jump in-  
to the car left in front of the Santa  
Barton Hospital are described as prob-  
ably less than 20 years old. One is of  
medium height and the other is tall and  
slim, supposedly more than six feet  
tall. They were well dressed and were  
evidently prepared for their flight, as  
both had automobile coats and caps.  
G. H. Narbonne is a capitalist, who  
is proud of his big touring car and  
anxious to recover it, but he says that  
he is making more of an effort to have  
the thieves overtaken than to save his  
property. The great number of auto-  
mobile thefts has led him to believe  
that some of those who steal cars  
left on the streets should be captured  
and punished for the good of all own-  
ers of machines.

ORGANIZED GANGS.

Within the last few months there  
have been many thefts of cars in this  
city, many of which have been cleared  
up. The police are led to believe  
that there is an organized band of  
men who steal automobiles and convey  
them to some point where they have an  
agent who can dispose of the valuable  
cars at leisure.

It is not improbable that there is  
some secret retreat in the wilderness  
where the cars are hidden and re-  
deposited. The cars are then driven  
across the country without fear of recognition and taken  
to San Francisco to be sold.

Hints of such a hiding place have  
come to the attention of detectives  
here, but they are powerless to follow  
up such clues as they are given. The  
county officers are no better off be-  
cause it is believed that the "thieves  
clearinghouse" is out of this county.

The car stolen last night should be  
easily recognized, as it is a big one,  
has a mahogany body, canvas top, ac-  
commodations for seven passengers, a  
hood which makes it a six cylinder  
car, and it bears the registered number  
of 34498 California. The initials G.H.N.

In spite of these strong marks of  
identification the thieves may be able  
to disguise the car if once they elude  
their pursuers. Police officers are of  
the opinion that the thieves may dou-  
ble back into this city, unless over-  
taken, because the publicity of the pur-  
suit will be made known to them and  
they will fear easy detection in the  
open country.

The owner of the stolen car says that  
he knows of few more powerful stock  
cars than his own machine and that  
taken for the pursuit.

If my brother-in-law wins out the  
robbers may ditch the car or smash it  
in spite, but I don't care so long as  
they are captured or brought to jus-  
tice. I will watch the city and he will  
tend to the open country work."

It is probable that a revolver duel  
will be fought on some lonely road in  
the vicinity of the stolen car. The  
latter are probably experienced in the  
business and will put up a desper-  
ate battle for liberty.

Automobile owners may organize a  
protective association if the car thefts  
continue. It has been suggested that  
they hire a regular detective agency  
with a patrol auto to pursue those who  
attempt to make away with valuable  
cars.

PASSOVER CELEBRATION.

Tomorrow (Saturday) at sunset be-  
gins the annual Passover; the festival of  
Spring, of Hope and Life. It will  
be observed by a brief introductory  
service at Temple Beth El at 8  
o'clock, followed by the charming do-  
mestic service (Seder). The principal  
festival service will be held at the  
Temple on Sunday at 10 a.m. The  
music for this festival is largely tra-  
ditional, and will form an important  
part of the service. The ritual serv-  
ice likewise emphasizes the character  
of the Passover. The Rabbi, Dr. S.  
Hecht, will conduct the services, and  
preach on Sunday morning on "The  
Passover of the Future."

## HIS BULLDOG TOO LOVING.

Owner of Pet That Makes Neighbor  
Unhappy First to Be Fined Under  
County Ordinance.

The loving nature of the bulldog of  
F. A. Martin, Ninetieth street and Mo-  
neta avenue, was the cause for the  
master being the first person to be  
prosecuted on a charge of having vio-  
lated the county dog-muzzling ordi-  
nance, which was passed about two  
months ago. He was fined \$5 by Jus-  
tice Ling yesterday.

Mrs. Etta Dadds, who resides near  
Martin, was the complaining witness.  
She has a lady dog, which she is ac-  
customed to take out with her for  
walks. Martin's thoroughbred pet  
formed an attachment for this animal.  
When he saw her strolling with her  
mistress, he bounded away to greet  
her. Dadds objected to being the  
chaperone for the pair, and besides she  
did not think the bulldog up to the  
social standard of her canine.

She sought to drive him away, but he  
was too audacious a wooer to mind her  
threats. She testified yesterday that  
she was afraid of the beast, and that  
he had chased her when she ran home  
yesterday.

Martin could not deny the fact that  
he had not clamped the jaws of his dog  
with leather bands, and there was no  
alternative for those who would not  
find him guilty. The bulldog owner was  
not in a pleasant frame of mind when  
he paid the penalty.

ALL IN VAIN.

SUICIDE FAKE  
FAILS TO WIN.

CARBOLIC SMELL AND GROANS  
MISS THE PURPOSE.

Teamster Seeks to Enlist Sympathy  
of Deserving Wife, But Woman Does  
Not See the Stage Setting With  
Real Ambulance and Stomach Pump  
as Properties.

After trying to enlist the sympathy  
of his wife by feigning death from poi-  
son, John Roe of No. 7294 Central ave-  
nue emerged from the Receiving Hos-  
pital yesterday afternoon firmly con-  
vinced that there is nothing romantic  
in suicide.

Roe is 40 years of age. He says he  
is a teamster in the employ of the  
Standard Oil Company. Recently he  
had trouble with his wife. He sought  
to mend the break, but she would not  
consider negotiations. She moved to  
apartments across the street. There  
she kept her eyes on husband, and  
husband kept his eyes on her.

Roe finally decided that if he could  
overwhelm her with a display of  
thrilling near-tragedy, his wife might  
be proud of him and return to the  
family room at the Central-avenue  
apartment.

A small bottle of carbo-  
lic acid served as local coloring. Roe arranged  
the few articles of furniture in the  
room so that they would appear as  
despondent as possible. He then pro-  
ceeded to put into effect, shortly  
after noon, yesterday.

After a full discussion of the matter  
the following resolution was unani-  
mously adopted:

"Whereas, he it resolved by the  
board of directors of the Merchants  
and Manufacturers' Association of Los  
Angeles that the offer of the Aero  
Club of California to hold the inter-  
national aviation meet in this city  
upon the same terms and conditions  
as the aviation meet was conducted  
during the month of last January."

While waiting the use in this city  
last winter, President Bishop of the  
Aero Club of America, expressed the  
opinion that the fall meet should be  
held in the East, but dissonance hav-  
ing arisen in the various clubs of that  
section, there is a chance for Los An-  
geles to secure the great international  
event.

President Bishop was just as strongly  
in favor of holding an annual winter  
meet in this city, as he was of holding  
the fall meet in the East, and it is be-  
lieved that if he finds unpleasant dis-  
sonances are going to interfere with  
the latter plan, he will not be slow to  
accept the favorable proposition of the  
Merchants and Manufacturers' Associa-  
tion, to have it brought to this city.

TWINNING PUSHES.

President Twining has gone into the  
movement with his usual untiring en-  
thusiasm, and said last night:

"When Mr. Bishop was here last  
winter, he was in favor of holding the  
international meet in the East, so as  
to distribute the honors. However,  
after considerable effort to place it ad-  
vantageously, dissonances have arisen,  
and Los Angeles may be considered as  
a neutral point.

"Moreover, after the aviators left  
Los Angeles to tour the United States,  
they met with financial disaster and  
several of the aviators are not anxious to  
give large guarantees, with these failures  
in view, Los Angeles made a success,  
and we believe that an international  
meet will duplicate this success."

"Acting with full assurances of  
backing from the Merchants and Man-  
ufacturers' Association, I telegraphed  
a bona fide offer of \$100,000 to the Aero  
Club of America last Saturday, and  
this is being considered with other of-  
fers. Before leaving for Europe President  
Bishop expressed his desire to visit  
Los Angeles for holding the meet, and  
he has been fully informed of what  
we are doing. If any one can se-  
cure the presence of foreign aviators  
here, it is Mr. Bishop, and we have  
full confidence in his ability to handle  
the foreign situation creditably. Before  
leaving, he made arrangements with  
the Wright brothers to secure their  
consent to the meet, provided the con-  
ditions continue to hold such license  
necessary."

"The agreement between the Aero  
Club of California and the Merchants  
and Manufacturers' Association pro-  
vides that the latter shall have full  
charge of the business details, and that  
the Aero Club shall have full charge  
of the field and the contests. This of  
course means that in turn, the Aero  
Club will extend the courtesy to the  
Aero Club of America, which in real-  
ity will control the meet, the local club  
assisting in every way possible. The  
M. and M. association with the Aero  
Club of America through this club.

## WE'RE AFTER THE BIG FLY.

M. and M. Ready to Stand  
for Large Guarantee.

Aero Club of California Is  
Negotiating.

Eastern Disensions Favor  
Los Angeles.

Los Angeles having made no signal  
a success of the first aviation meet  
ever held in America last winter, nat-  
urally causes the eyes of the world to  
be turned upon her, now that the first  
authorized international meet is under  
discussion.

The Aero Club of California is  
promptly in the field to secure the  
world's great try-out of the flyers, and  
will leave no means untold to secure  
it. The prompt cooperation of the  
Merchants and Manufacturers' Associa-  
tion, which handled the first meet,  
has been obtained, and the Aero Club  
will meet on Tuesday night to take  
such further action as may be deemed  
best.

The great financial success of the  
January meet, the prompt payment of  
all prizes, and the unequalled atmos-  
pheric conditions, will all appeal to  
those who will be called upon to do  
the work in the clouds, and this will  
prove a strong influence in favor of  
Los Angeles.

The proposition, which has already  
been made by telegram to President  
Bishop, is that a fund of \$100,000 will  
be raised to guarantee the prizes and  
legitimate expenses of the aviators,  
and that the Merchants and Manu-  
facturers' Association stands behind  
this offer, just as it did in January,  
when the entire amount of the sub-  
scriptions together with a fair per-  
centage of profit was returned to those  
who put up the guarantee, after all  
prizes and expenses had been paid.

The record of Louis Paulhan, the  
French aviator, who, at that time, at-  
tained a height of one mile in his air,  
has never been approached by any other  
man, and he stands before the world  
as an incomparable advertisement  
for atmospheric conditions in  
Southern California.

READY TO TAKE HOLD.

At the meeting of the board of di-  
rectors of the Merchants and Manu-  
facturers' Association yesterday, a let-  
ter was read from H. L. V. Twining,  
president of the Aero Club of Califor-  
nia, suggesting the possibility of se-  
curing the international meet in Oc-  
tober or November, next. President  
Twining also appeared before the board  
in person and addressed that body on  
the subject. The following proposition  
was made in the letter:

"The Aero Club of California invites  
the Merchants and Manufacturers' As-  
sociation to take hold and manage the  
event, provided this club is able to  
secure the necessary sanction for Los  
Angeles. If your reply is favorable we  
will take immediate steps to influence  
the Aero Club of America in the mat-  
ter."

After a full discussion of the matter  
the following resolution was unani-  
mously adopted:

"Whereas, he it resolved by the  
board of directors of the Merchants  
and Manufacturers' Association of Los  
Angeles that the offer of the Aero  
Club of California to hold the inter-  
national aviation meet in this city  
upon the same terms and conditions  
as the aviation meet was conducted  
during the month of last January."

While waiting the use in this city  
last winter, President Bishop of the  
Aero Club of

# PUBLIC SERVICE--OFFICIAL DOINGS.

## SUMMARY OF THE DAY.

The Fire Commission recommended yesterday the purchase of 14,000 feet of hose for the department to help fill a gap caused by the need of about 40,000 feet; new sections need to be replaced.

Good Government officials pushed to know what to do with an ordinance compelling street railways to all the streets between their tracks, which is not enforced.

A. Pons, a German, charged with forgery, stated in Judge Willis' court yesterday that Sweet, his former friend, had done the work. The case was continued to give Pons an opportunity to produce Sweet.

William Bryman, a Hindu, charged with a felony, was given probation by Judge Willis, on the condition that he return immediately to Hindustan, and he accepted the proposition.

A Kansas boy, arrested on a charge of burglary, told a strange story in the juvenile court, of being captured by a band of hobos and forced to sell their stolen property.

## AT THE CITY HALL.

### DEPARTMENT IS IN GREAT NEED.

#### CHIEF TODD LAYS BARE POOR FIRE EQUIPMENT.

Commission Recommends Purchase of Twelve Thousand Feet of New Hose, Then Adds Two Thousand More When Figures Show Necessity--New Sections Unprotected.

The Fire Commission yesterday recommended the Supply Committee of the Council to purchase 3000 feet of two and one-half-inch, Overall, fire hose, at \$1 a foot, and 4000 of two and one-half-inch double-jacket hose at 75 cents a foot. The Council advertised for 12,000 feet of hose for the Fire Department, and pondered all of Wednesday afternoon over the bids without reaching a conclusion, even with the assistance of Uncle Aleck and the members of the Fire Commission, who were called in.

The gravity of the situation was shown yesterday when Chief Todd reported that the department is badly handicapped for lack of hose. He pointed out that since the last supply of hose was obtained by the department, two years ago, entire lines and some side lines are unfit for service, due to age and defects. Two companies have been added since the last hose was purchased.

Chief Todd declared that the department needs 20,000 feet of hose to fill shortage and replace defective lines. It should have on hand from 5000 to 10,000 feet of hose at all times. He further suggested that 4000 feet of hose will be required for the proposed fire boats at San Pedro, and the Wilmington and San Pedro departments will require 7000 feet each.

All told, Chief Todd figures that there should be 44,000 feet of hose purchased. Only 15,000 feet is asked for by the city, leaving 29,000 feet that should be supplied in order to put the department on a good footing. This report had some effect on the commission, which added 2000 feet to the quantity asked for by the Supply Committee.

It is a marvel to visiting fire chiefs from eastern cities that Los Angeles maintains such an excellent record with so inadequate an equipment. The commissioners yesterday were shown figures that clinched the proposition that the city must appropriate more money for the department so as to put it on a better footing.

J. A. Archibald, chief of the Cincinnati fire department, who is a visitor in this city, was invited by Chief Todd to give the commissioners the status of his city. He said that a population about the size of Los Angeles, but with less than half the area, Cincinnati has 544 employees in the fire department, thirty-eight engine companies, eleven hose companies and sixteen trucks in service. Los Angeles has 250 employees in the fire department, twenty-two engine companies, twenty-seven hose companies and chemical and hose wagons and three trucks.

Commissioner Hawley, who is gathering statistics from other cities with reference to fire equipment, and expects to make a report showing the deficiencies in the Los Angeles department, was struck with the suggestion of Chief Archibald that if Los Angeles equipped its steamers with rubber tires, they would pay for the outlay in the saving to the department in the shape of repairs to the engines. Cincinnati's fire engines are no exception. It seems that the commission asked the Council to buy rubber tires for one engine and met with a cold rebuff, on account of the expense.

Commissioner Hawley stated yesterday that the Los Angeles Fire Department needs building up. The city has outgrown the department. The latter needs more men, additional engines, rubber-tired engines and a system of tagging horses so that their record can be kept. He further declared the city should build four or five engine-houses yearly in order to keep up with the spread of the city. All of this will be incorporated in the next budget.

## BACK TO 'DOWNEY'.

SENTIMENT FOR OLD NAME. If 75 per cent of the foot frontage on North Broadway declares in favor of changing the name back to Downey avenue, it is quite probable that the Council will take the necessary steps. The matter came up before the Streets and Boulevards Committee yesterday afternoon. The delegations present to argue for or against the change appeared to represent sentiment and progress.

The Native Sons and Mike Collins extolled former Gov. Downey, and for sentimental reasons, not to speak of the name being so well known, Collins argued that it should be restored. H. C. Lichtenberg spoke for the Native Sons and declared that the street commemorated former Gov. Downey. Others who spoke thought Downey should have a monument erected in his honor. A. D. Warner talked for North Broadway.

Chairman O'Brien, after a patient hearing, stated that the matter would be taken under advisement. The committee wants a preponderance of opinion, and this will take the shape of signing up feet frontage, whichever side having the advantage being declared winner.

## ARE THEY AFRAID?

### ORDINANCE NOT ENFORCED.

Why is an ordinance? This question was asked about the City Hall yesterday and no one was found who could give the answer. The Board of Public Works passed it up and the council-drum traveled up to the third floor where the public utilities has offices.

Some one has dug up Ordinance No. 10,000, which provides that any railway operating cars on the streets shall be subject to the same regulations as street cars.

## TRY MURINE EYE REMEDY.

For Red, Weak, Watery, Itchy Eyes, Gravel, Catarrh, Pains, Swellings, Stings, Burns, etc., Murine Eye Remedy.

## PRISONER TELLS STRANGE STORY.

### KANSAS BOY IS ARRAIGNED IN JUVENILE COURT.

Asserts He Was Captured by Band of Hobos and First Robbed, Then Forced to Sell Stolen Goods for Them--Youngster Is Charged With Burglary.

Gus Kalb, a young German with the stamp of honesty on his countenance, charged with burglary, had his case postponed for a week in the juvenile court, yesterday, until something of his history and family can be learned. The boy said his folks were in poor circumstances in Kansas, and that he came to California a few months ago in the hope of assisting them in some way.

He was first arrested in this city and sent to the workhouse for thirty days on the charge of vagrancy. When caught trying to sell a bicycle, later it was discovered that the wheel was stolen and he was charged with burglary. Being but 17 years of age, his case was remanded to the juvenile court.

Before getting into trouble Kalb had worked on the aqueduct, and he claimed that afterward he was robbed by a lot of tramps, who took \$16 from him. Then, he declared, they compelled him to come to the city and sell stuff he had stolen. He was selling things when taken into custody on the bicycle deal.

Kalb told his story with such directness and attention to detail, that the impression Judge Wilbur with the truth of his narration, and the lad's antecedents will be inquired into.

## PLAUSIBLE TALE.

### IS GIVEN A CHANCE.

A. Pons, a stolid German, charged with forgery and passing a worthless check, put up an unusual defense in Judge Willis' court yesterday, when it was expected the date of his trial would be fixed. A hitherto unknown companion of the accused, whose name was yesterday given as B. Sweet, and who is supposed to be in Portland, is now charged with being the real forger in the case, and the attorney of Pons declared that Sweet was responsible for the forgery of his client's checks, and that the latter passed them in the ordinary course of business. There has been a great deal of talk yesterday about a new passenger car, and it is believed that a solution of the trouble has been found, and that at the proper time Pons will be acquitted.

## STREET LIGHTING.

### CONTRACT A GREAT ONE.

Three propositions came before the Light Committee yesterday afternoon, namely, Seventh street, from Boyle avenue to Hoover street; Sixth street, from Main to Alameda streets and First street, from Main to Santa Fe avenue.

In the case of Seventh street the committee, through Chairman Gregory, decided to recommend to the Council an assessment district 250 feet on either side of the street. For Sixth street, the committee will recommend a street assessment on frontage only. The First street proposition was laid over.

The intention is to have these thoroughfares lighted similar to Broadway, which is one of the best lighted avenues in the world. A large number of property owners attended the meeting and presented such arguments why these matters should be well lighted that the committee, with the exception of First street, agreed that the improvement should be recommended.

## Colored Fireman Forced Out.

The "Darktown Brigade," located in Rose House, No. 2, No. 137 Loma Drive, sprang up yesterday afternoon to resist the effect of the commission's decision. There was nothing very terrible to investigate, but there was a sign of relief when the august personages of the commission, the commissioners, in refusing to obey certain commands of his superior officer, the chairman, declared that they were good order. Brown was asked to resign which he did forthwith. Lieut. G. W. Bright who had responded to Box 153, April 12, when the fire department population about the size of Los Angeles, but with less than half the area, Cincinnati has 544 employees in the fire department, thirty-eight engine companies, eleven hose companies and sixteen trucks in service. Los Angeles has 250 employees in the fire department, twenty-two engine companies, twenty-seven hose companies and chemical and hose wagons and three trucks.

Commissioner Hawley, who is gathering statistics from other cities with reference to fire equipment, and expects to make a report showing the deficiencies in the Los Angeles department, was struck with the suggestion of Chief Archibald that if Los Angeles equipped its steamers with rubber tires, they would pay for the outlay in the saving to the department in the shape of repairs to the engines. Cincinnati's fire engines are no exception. It seems that the commission asked the Council to buy rubber tires for one engine and met with a cold rebuff, on account of the expense.

Commissioner Hawley stated yesterday that the Los Angeles Fire Department needs building up. The city has outgrown the department. The latter needs more men, additional engines, rubber-tired engines and a system of tagging horses so that their record can be kept. He further declared the city should build four or five engine-houses yearly in order to keep up with the spread of the city. All of this will be incorporated in the next budget.

## City Hall Notes.

John C. Hallis was appointed by the Fire Commission yesterday to succeed F. W. Messacar, fire alarm operator, resigned. Hallis was highly recommended by Commissioner Hawley and went on duty at once.

Buttons supplied the firemen seem to be an expensive item for the city, and Chief Todd was asked yesterday to make a report on the matter. It is the practice to issue buttons without proper regulation, but from now on the commission intends to know what the cost of them is. The price the city has been paying is \$25 a gross.

## JOLT FOR 'BILLY.'

Former Boxer Hit With Judgment for Plumbing, Though He Sets Up a Counter Claim.

"Billy" Manning, physical culture instructor and former boxer, suffered a judgment of \$41.15 in Justice Pierce's court yesterday. He was sued for plumbing work which was done at his residence by Henderson's Sons, who claimed that he had set a set-off, in that he had given the Hendersons instructions which were equal in value to the bill they had against him. The Hendersons, however, through a system of stunts when they were ill, which had restored them. He also claimed recompense for lessons he had given them.

## MARSTON ARRAIGNED.

James Marston, poet, philosopher, and according to the police, a confirmed hill bird, was arraigned in the police court yesterday on a charge of vagrancy preferred by detectives. Marston is alleged to have imposed upon the sympathies of a woman on San Julian street, to board lodgings and money for two weeks. He will be tried this afternoon.

## LONG BEACH CASE.

Is hearing the Burns-Clements damage case, involving as plaintiff, O. P. Burns, and as defendants, James I. Clements and Marie L. Clements. The plaintiff asks \$7500 for injuries alleged to have been received in Long Beach, along Ocean avenue, September 12, last, when he was struck and run down by a machine owned by the defendants, and driven by a chauffeur who was under age.

TO QUIET TITLE. An action was brought in the Superior Court yesterday to quiet title to property 230x125 feet at the northeast corner of San Fernando and Third streets, Wilmington. The plaintiff in the action is Marie Dolores D. de Watson, and the defendants are the San Pedro, Los Angeles & Salt Lake Railroad.

THE BELL CASE. It is expected that the F. M. Bell perjury case will go to the jury for the apportionment of the damages. The case was argued yesterday in the Superior Court. The plaintiff in the action is Marie Dolores D. de Watson, and the defendants are the San Pedro, Los Angeles & Salt Lake Railroad.

ASK FOR GUARDIANSHIP. A petition will be heard in Judge Willis' court today for the appointment of Mrs. Rebecca McDonald as guardian of her two minor children, Robert Royal McDonald and Frances Marie McDonald, in order to represent them in their claim against the Wolvaine Motor Car Company, McDonald's claim for the death of their father, Albert McDonald, killed March 16, is alleged that the claim is worth \$750, and that the two children are entitled to one-seventh of it.

INCORPORATIONS. Articles of incorporation were filed yesterday by Midway Hospital Association, capital stock \$20,000, incorporating, J. A. McNaughton, C. S. Hutchison, George Malloy and H. E. King, subscribers, \$5, Merchants' Producers' Oil Company, capital stock, \$500,000, incorporating, Samuel Busch, R. W. Beau de Zart, W. P. Cooper, Will C. Prather and George M. Harter, subscribers, \$100,000.

JUDGE HERVEY AWAY. Superior Judge W. P. Hervey is spending a few days in San Francisco, on Masonic matters, and will not be in court in Department Seven until Monday.

## CITRUS MEN SEE ASSESSOR.

### Confer Regarding Alleged Intention to Raise Valuations and Find no Occasion for Alarm.

A committee of citrus and walnut growers conferred with County Assessor George D. Whitcomb yesterday in regard to the alleged intention to raise the assessment on their groves. The committee was headed by George D. Whitcomb, of Yuma, and others present were, J. W. Shoup and J. R. Lindsey, of Citrus; John Scott, Duarte, R. P. Cogswell of El Monte and G. N. Atwood of Covina.

The committee was informed by the County Assessor that he does not contemplate and will not raise the percentage land at a higher rate of percentage than city or other property. The committee was assured that the County Assessor last year made for many years past, both as to city and country, will generally be in accordance with the city's assessment.

This will not be by a percentage or a horizontal raise, but by a rating and revaluation of each lot or parcel, by one of the assessor's staff. It was explained by Hopkins that this will naturally make the percentage of increase greater in those sections where the land is assessed at a lower proportion to value than in others in the county, which previously have been rated and assessed higher in proportion to value, and this was unfortunately true, in some cases last year. He showed the committee by figures that the increase in Los Angeles county will be far greater than the increase outside, in other words, the balance of the county, which includes nearly twenty-five incorporated cities.

When the committee complained about striking an average of \$300 an acre for ranch land, Mr. Hopkins said he was right in line with the County Assessor in the southern part of the State. He had before him advertisements showing the great value owners placed on their groves and showed the committee that all of the county assessors were working along the same line. Several points raised by the committee were answered by the assessor, and the matter under adjournment.

## LIKE THREE BLACK CROWS.

### Charge of Terrible Cruelty Preferred Against Woman Turns Out About That Way.

The charge of terrible cruelty to a dog, which was filed against Mrs. L. Osborn of La Brea, in Justice Ling's court, turned out to be similar to the story of the three black crows when she was brought to trial.

The allegations were that she had used a pitchfork to urguinly pound when he would not speak for his dinner. What she really did was to hit him with the straw end of a broom to give him a lesson, to not chase the dog.

The magistrate dismissed her and intimated that there was a possibility that there might have been ulterior motives in making her a criminal, and charge. She was arrested several months ago on a charge of insanity. At that time she proved the falsity of the assertion that her mental balance was not good and was released.

## WIVES MAKE COMPLAINTS.

### Two Alleged Husbands Don't Support Them--Third Case Patched Up by Agreement.

Almon Harlow was brought from Fullerton by Constables Rice and Cochran, yesterday, to answer to a charge of having failed to provide for his minor child. He was arraigned before Justice Ling and released on \$1000 bonds. His examination was set for May 6. Harlow is the complaining witness. She declares that she has been compelled to do hard work to support the child, when her husband was financially able to care for the little one.

Constable Rice left last night for San Diego to bring back Thornton Wassam on a charge of having abandoned his wife and child. The officers of the southern city telegraphed yesterday that Wassam had been taken in custody by them.

Charge of having abandoned his wife against Orville Plough was dismissed by Justice Pierce, yesterday. It was understood that Plough had entered into an agreement whereby she was to be supported.

## PAPER THIEF ON PROBATION.

Minor Musick, 15 years old, was released on five years probation from the juvenile court, yesterday, for having stolen newspapers, which had been left behind at a pharmacy. Ninth and Figueroa streets for a carrier. The boy was caught by H. S. Angell, who

# Interest Computed Monthly for Equitable Depositors

Our plan of computing interest monthly was established in order to prevent depositors, who found it necessary to withdraw their money between regular dividend dates (January 1st and July 1st) from losing the interest due.

Thus when it is necessary for any depositor to withdraw his money during any month of the year, interest will be paid to the first of the month in which withdrawal is made--on both our 4 per cent. savings account and 3 per cent. checking account.

It is only fair and just in our opinion that a bank protect its depositors from practically any loss of interest--and this is what the "Equitable Plan" does.

This plan is a great advantage to every depositor, and with this advantage they have the Equitable stability behind their account.

Where Prices Are Lowest For  
El Verde Grape Juice

El Verde California Grape  
is the most healthful of  
beverages—and certainly  
delicious.

It is just the pure unad-  
orned select Zinfandel and  
grapes—and it retains all  
flavor of the choice ripe fruit  
highly recommended by phy-  
sicians for its wonderful  
tonic qualities.

These warm days suggest  
to send a trial order for this  
beverage NOW.

Medium size bottles, 25c;  
Large bottles, 45c; dozen, \$4.50.

## THE POLITICAL WATCHTOWER

By the recent re-  
arrangement of  
the city voting  
precincts, there are  
many changes in  
the precinct units  
of the Supervi-  
sorial, Assembly  
and Senatorial  
districts.

Precincts 1 to  
25, 27 to 35 inclu-  
sive, 43 and 45 are  
in the Seventy-  
fourth Assembly  
district.

Precinct 26 is the  
only city precinct  
in the Sixty-seventh  
district.

Precincts 36 to 41, 44 to 45, and 51  
to 57, inclusive, are in the Seventy-  
fifth district.

Precincts 59, 60, 61, 62, 63, 64, 65,  
66, 67, 68, 69, 70, 71, 72, 73, 74, 75,  
76, 77, 78, 79, 80, 81, 82, 83, 84, 85,  
86, 87, 88, 89, 90, 91, 92, 93, 94, 95,  
96, 97, 98, 99, 100, 101, 102, 103, 104,  
105, 106, 107, 108, 109, 110, 111, 112,  
113, 114, 115, 116, 117, 118, 119, 120,  
121, 122, 123, 124, 125, 126, 127, 128,  
129, 130, 131, 132, 133, 134, 135, 136,  
137, 138, 139, 140, 141, 142, 143, 144,  
145, 146, 147 are in the Seventy-third  
district.

Precincts 88 to 92 inclusive, and 239  
are in the Sixty-ninth district.

Precincts 93 to 98, and 240 to 249, inclu-  
sive, and 108, to 111, inclusive, 118, 119,  
124, 127, 128, 133, 134, 135, 136 and 155,  
156 and 157 are in the Seventy-first  
district.

Precincts 101, 102, 106, 107, 116, 117,  
122, 124, 125, 131, 132, 140, 144, 145 to 154,  
inclusive, 158 to 161, inclusive, and 163  
to 167, inclusive, are in the Seventy-  
second district.

Precincts 162, 168 to 175, and 176 to  
229 are in the Seventy-third district.

City precincts in the Second Super-  
visorial District now include all from  
168 to 175, inclusive.

In the Third Supervisory District  
are precincts 27 to 67, inclusive.

In the Fourth Supervisory District  
are precincts 108 to 239, inclusive.

In the Fifth Supervisory District,  
precincts 1 to 26 inclusive.

Representation in the State Sena-  
torial districts is now as follows:

City precincts in the Thirty-fourth  
District are 26, 30 to 35, and 158 to 229  
inclusive; in the Thirty-fifth district  
are precincts 108 to 239, inclusive; in the  
Thirty-sixth are precincts 1 to 25, and  
68 to 82, inclusive; in the Thirty-seventh  
are precincts 27, 28, 29, 36 to 67, inclu-  
sive; 120, 121, 122, 123, 124, 125, 126,  
127, 128, 129, 130, 131, 132, 133, 134,  
135, 136, 137, 138, 139, 140, 141, 142,  
143, 144, 145, 146, 147, 148, 149, 150,  
151, 152, 153, 154, 155, 156, 157, 158,  
159, 160, 161, 162, 163, 164, 165, 166,  
167, 168, 169, 170, 171, 172, 173, 174,  
175, 176, 177, 178, 179, 180, 181, 182,  
183, 184, 185, 186, 187, 188, 189, 190,  
191, 192, 193, 194, 195, 196, 197, 198,

935, 936, 937, 938, 939, 940, 941, 942,  
943, 944, 945, 946, 947, 948, 949, 950,  
951, 952, 953, 954, 955, 956, 957, 958,  
959, 960, 961, 962, 963, 964, 965, 966,  
967, 968, 969, 970, 971, 972, 973, 974,  
975, 976, 977, 978, 979, 980, 981, 982,  
983, 984, 985, 986, 987, 988, 989, 990,  
991, 992, 993, 994, 995, 996, 997, 998,  
999, 1000.

Registration of voters is not as lively  
these gentle summer days as was  
the case a week or so ago, but never-  
theless there are upwards of 70,000  
voters on the Great Register, which  
Registration Clerk Brown says is a lit-  
tle better than at the same period two  
years ago.

In the Sixty-seventh Assembly Dis-  
trict there is promise of a lively acrimo-  
nious campaign for the Republican nomination.  
Councilman H. G. Cattell, who served  
in the last Legislature, has been given  
the Roster endorsement while Dr.  
Gideon S. Case is hustling for the  
support of the "regulars." Case preceded  
Cattell as the representative from this  
district. He is a G. A. R. veteran. Cat-  
tell trained with the "insurgents." The  
Democrats appear to be completely at  
sea for a candidate in this district,  
which has a spotless Republican rec-  
ord, no Demo-pop ever having been  
able to delude the intelligent voters  
into electing him. There has been sug-  
gestion of Walter Simon, the big brick  
man, and Charles Grimes could prob-  
ably have the nomination for the ask-  
ing.

State Senator Charlie Bell expects to  
walk into the next Legislature without  
opposition, but he is destined to a rude  
awakening. Bell had both the Non-  
Partisan and Democratic nominations  
four years ago, and while he has ac-  
quired the former this time, it is not by  
any means so likely that the Democrats  
will help him this time, because they  
dislike the notion of his seeking the  
Republican nomination with a readi-  
ness to flop back to them if he does  
not win with the G. O. P.

Friends of George S. Patten are  
grooming him as a Democratic candi-  
date for United States Senator. They  
have been waiting upon him and pledg-  
ing their support, but as yet, Mr. Pat-  
ten has declined to commit himself or  
the subject. A few years ago he was  
one of the most active of the local  
Democratic leaders.

A conference of Los Angeles county  
Democrats was called yesterday to be  
held in Blanchard Hall, May 14, for  
the purpose of outlining plans for the  
county campaign, and to arrange for  
candidates for the various offices. By  
a resolution adopted at the last meet-  
ing of the County Central Committee,  
each committeeman is entitled to se-  
lect two delegates.

Gavin McNab, the recognized Demo-  
cratic boss of San Francisco and the  
pet political curculone of Theodore  
Bell, is in the city, and is a guest at the  
Alexandria.

THE WATCHMAN.

A. W. BALLARD RESIGNS.

A. W. Ballard, manager of the Los  
Angeles office of the General Electric  
Co., has resigned to devote his  
attention to personal interests at  
Phoenix, Santa Maria, this city, and  
elsewhere. He has just completed a  
twenty-year service with this company  
and leaves with the regret of its of-  
ficials, East, as well as West. Mr.  
Ballard has lived in Los Angeles since  
1897, when he resumed the duties he is  
now relinquishing. He is a member of  
the California, Jonathan, Country and  
Union League clubs; also an associate  
member of the American Institute of  
Electrical Engineers.

HALES COLLECTOR TO COURT.

EL PASO, April 21.—Because Custom  
Collector Adolfo Bera arrested Anselo  
Granados, a Mexican rural, and seized  
two thousand Mexican pesos Sunday,  
charges were preferred today in the  
Guerra Federal Court by the defend-  
ant's attorney, accusing the collector  
of exceeding his authority and of rob-  
bery. Mexican pesos when imported  
are dutiable.

LOS ANGELES, April 21.—The

## CLOTHESLINE ROW.

Two Women Charge Each Other With  
Having Used Forbidden  
Language.

Belvedere has another clothesline  
row which will take all of the wisdom  
of two justices to straighten out and  
set the community running in order  
once more.

Mrs. Anna Obradovich, a good-looking  
matron with an olive complexion,  
who replied in perfect English when  
asked if she desired an interpreter,  
was arraigned before Justice Summer-  
field, yesterday, on a charge of hav-  
ing disturbed the peace of Mrs. Anna  
Altaka. She was released on her own  
recognition and promised to return on  
May 8 for trial.

"She is the one who should be here  
instead of me," declared Mrs. Obradovich,  
exhibiting a subpoena which  
required her presence today at the trial  
of Mrs. Altaka on a charge of having  
broken the peace and quiet, before a  
Belvedere justice.

Each woman charges the other with  
having used language which is for-  
bidden by statute, except when there  
are no women or children present.

"Do we get to ride back in an auto-  
mobile?" inquired Mrs. Obradovich's  
male escort, as they turned to leave.  
He was referred to Constable De la  
Monte, who had arrested the woman,  
and had placed his motor car at their  
service to get them to court.

SEEING THE COMET.

BY "THE TIMES" ASTRONOMER.

I saw that the sky was clear last  
night, so I had the alarm clock set  
for a quarter to four to insure early  
rising and a view of the comet. The  
Lick people had seen it from Mount  
Hamilton, why should not an enter-  
prising Angeleno be equally favored?

But my cerebral works set off a fusil-  
lade before the hour named and, jump-  
ing up, I turned on the light and saw  
with glee that it was only half-past  
three. Very good, no time lost, nothing  
like punctuality! The comet, like time  
and tide, waits for no man.

I seized a field glass and walked  
forth, wending my way up the gen-  
tle slope of Wiltner street. It was an  
exhilarating tramp in the fresh air.  
The perfect stillness which precedes  
day-dawn prevailed. Not a bird-note  
nor a footstep, not even that of the  
nocturnal "cop," broke the profound  
silence. The Dipper, with its seven

stars, shone serenely in the  
western sky, its faithful pointers di-  
recting the eye to the steadfast Polar  
star, whose rays, at this moment ex-  
citing the optic nerve, left that far-  
distant sun five decades ago when the  
first rumblings of the Civil War were  
disturbing the minds of American  
patriots.

Turning east on Crown Hill avenue,  
I paused at the summit where a wide  
and low horizon stretched along the  
east, but the myriad electric lights  
of the valley dimmed the stars so that  
scarcely any were visible below Venus,  
which, brilliant and beautiful, about  
15 degs. above the broken line of roofs  
and treetops, with scintillating twinkles  
seemed to say: "I have no rival here;  
useless to look further."

Suddenly, at precisely 4:15 o'clock, all  
electric lights vanished and hopes for  
more favorable seeing were revived,  
only to be dampened by the develop-  
ment of a reddish haze through which  
the first streaks of dawn were break-  
ing. Then, resting my arm against a  
friendly telephone pole to steady the  
glass, I eagerly scanned the morning  
sky for a star which, however dim,  
should prove its identity by flourish-  
ing a delicate plume of shimmering  
light. Intently I gazed, and watched,  
and explored, and finally my quest  
was rewarded. A faint object, the  
nucleus of the comet, revealed itself  
point of the complicated situation, and  
though the advance streamers of day  
blended with and obscured the stream-  
ers of the comet, I knew, from its po-  
sition, that I had caught the comets  
glimpse of Halley's renowned traveler  
through the voids of space.

When an astronomer makes a new  
discovery there is a moment of thrill-  
ing, overwhelming excitement. I was at  
the Lowell Observatory with Dr. Swift  
one midnight a dozen years ago. He was  
weeping the heavens with his comet-  
seeker. Suddenly he exclaimed:  
"Look, do you see that dim patch be-  
tween those two faint stars? Watch  
it! Don't let it get away from you  
while I go in and examine the chart  
to see if it is a nebula. If it moves  
it is a comet." And his voice trem-  
bled with suppressed emotion. It was  
not a comet; it was one of his own  
nebulae, discovered by himself years  
before. But I fully sympathized with  
the intense thrill of excitement, the  
potential discovery had stirred in his  
breast. And I was amply rewarded  
this morning for my early vigils by  
catching this first glimpse of the won-  
derful celestial tramp which heralded  
my own arrival on this mundane sphere  
three-quarters of a century ago.  
Los Angeles, April 19.

The Dipper, with its seven

stars, shone serenely in the

western sky, its faithful pointers di-

recting the eye to the steadfast Polar

star, whose rays, at this moment ex-

citing the optic nerve, left that far-

**OPERETTA MAKES A HIT.**  
"The Nautical Knot" Well Tied by Polytechnic High School Pupils Last Night.

The operetta, "The Nautical Knot," given last evening at the Polytechnic High School by the pupils, under the direction of the musical department, was a decided success.

The piece was well put on, the parts played in a spirited manner, and the music rendered with an excellence which showed great care in training.

The part of the hero was particularly well taken by Max Alexander, while Miss Helen Mack's clear soprano came out well in her solos.

Miss Bernice Ellis displayed a rich, deep alto voice; and Hazel Landers proved herself a charming petite coquette.

Earl Dutton as Saut, the sailor, was funny and clever; and carried off the part of the "only remaining bachelor" in a manner comparing favorably with many a "professional."

The scarf dance, between the first and second acts, where twenty girls appeared all in white and wearing white scarfs, was beautiful, and made a hit.

The members selected from the Polytechnic orchestra played with much credit to themselves and to their instructor, Mrs. Parsons.

The costumes, many of which were made in the sewing department of Polytechnic, were very pretty and becoming.

Every person taking part, even to the tiny newboys, belonged to Polytechnic.

Mrs. Parsons and Miss Lucile Dickson have again proven themselves able instructors in music, and also experts in all the varied requirements of staging a play.

"The Nautical Knot" will be given again on Friday evening, at the Polytechnic Auditorium. The proceeds will be added to the fund for beautifying the building and grounds of the institution.

**WINERY ORDINANCE.**  
Merchants' and Manufacturers' Association Protests Against It as Blow at Great Industry.

The Board of Directors of the Merchants' and Manufacturers' Association yesterday discussed the proposed ordinance, now before the Supervisors, looking to the regulation of wineries. A committee, consisting of G. W. Hill, E. B. Tufts and F. J. Zechendelaar, was appointed to attend the meeting of the Supervisors on May 2 and protest against that part of the ordinance that would put the wineries on a level with saloons, by requiring the sanction of the voters of the district every two years. They declare the wine interest to be an industry in which \$75,000,000 are invested in Southern California, and that it should have the same treatment as any other industry.

F. A. Bowles, Oscar C. Morgan and Phineas Newmark were appointed a committee to appear before the City Council and protest against the adoption of another pure-food law, the board declaring that there are now Federal and State laws, and the merchants and manufacturers should not be burdened with another.

The request of the W.C.T.U. for an indorsement to enable them to raise \$500 by subscription for the trial in Justice Haven's court, April 27. No hall was asked for. Creers cannot read or write his own name and has fished out of San Pedro for over fifty years. Through an interpreter, he stated that he was not aware that he was committing any crime by anchoring his nets within the three-mile limit of the shore. Twelve hundred feet of net was seized by the officers who made the arrest.

The crew of the British India Navigation Company's steamer Salara, which went ashore on the shore rocks Wednesday, was rescued by the steamer Arara and landed at Newcastle, N. S. W., today.

VERIFIED STATEMENT  
FOUND IN BOOKLET

A statement of more than unusual interest has been made by P. N. Robles, living on rural route No. 3, Floresville, Texas, regarding his recovery from rheumatism, in which he says:

"I suffered with rheumatism in both feet, and was so badly crippled that I

was unable to perform any work for two months. I consulted two doctors, who failed to help me. One day a friend handed me a booklet describing the Cooper remedies, and I read it through. I was greatly impressed with Cooper's theory that the stomach is responsible for a majority of ailments, rheumatism included. He claimed that stomach weakness, bad digestion and poor appetite impoverished the system and made it an easy prey to diseases of all kinds, and that if the stomach was restored to normal condition of health and strength, bodily ills would disappear.

"Next day I sent for a treatment of Cooper's New Discovery and began taking it. The rapid manner in which it corrected my trouble was a revelation to me, and beat anything I ever heard of. In two weeks' time I was feeling so good that I returned to work and have lost no time since on account of illness. The rheumatism finally left me entirely, and my general health is decidedly better than it has been in years."

Rheumatism is a result of impure blood, the primary cause of which is a bad stomach. Cooper's New Discovery corrects the stomach and drives disease from the system. We are agents for the Cooper medicines in this community. Owl Drug Co.

Got Your Berth  
For That Trip East?

If not, it would be wise to engage it soon, for the excursions of May 1 and 2 to Cincinnati and return at \$30.00, and May 11, 12, 13, 14, 25, 26, 27 and 28 to Chicago and return at \$72.50, New York \$108.50, and a lot of other places at reduced fares will crowd the sleepers. Denver at \$55 round trip on May 11, 12, 13, 14, 25, 26, 27 and 28 will attract some. Three months is the limit, or four if you go to Europe. Ask ticket agents at 600 So. ## BISHOPS

EDITED BY GEORGE T. PARDY.

On the day that the robbery had been committed, while the money was in transit from the bank, the two men were turned to the spot where the man had stood, but she had disappeared. In the hubbub and confusion consequent upon the robbery, the woman had managed to slip away unperceived.

"The matter must be fairly investigated," said the Minister sternly. "I shall have to carry these notes away and consult with the authorities. I have a duty to perform, however unpleasant the task may be."

The origin of the notes must be traced."

With a dignified bow to the dumb-founded company, he passed out of the room and left the house, carrying the notes with him. On reaching his official residence he found a letter awaiting him from Danewitch, and read as follows:

"Your Excellency: I am suddenly called away from St. Petersburg, but shall be back in a few days. I am happy to say that I can restore the whole of the stolen notes to the treasury. I hope your excellency enjoyed yourself at the home of the Danewitches on the occasion of the wedding feast."

True to his promise, Danewitch returned in three days' time, and to the

# Lively Presentation of the Day's Interesting Happenings in Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## PASADENA. ASSERT BOARD LAGS BEHIND.

Trade Organization Said to Be Lukewarm.

Not Taking Enough Interest in High School Bonds.

Movement Gets Stronger for "Greater Pasadena."

Office of The Times, No. 12 E. Raymond Ave. PASADENA, April 22.—Members of the Board of Education and others who favor the \$300,000 high school bond issue, which will be voted on a week from today, are wondering why the Board of Trade and other civic and commercial organizations seem to be taking no active interest in the coming election.

The board has appointed a Publicity Committee of three members, which is giving out statistical and other educational reading matter, and the necessity for the new high school, with a polytechnic or manual training attachment, similar to high schools in other cities which boast of their educational facilities. This information is passed out daily to various newspapers for publication.

The brotherhood of the First Methodist Church started things going last Monday night by having a public meeting, with several good speakers at the church, who "whipped it up" for the bonds. This one meeting had a wonderful effect and turned a big tide in favor of the proposed new school. The young men students at the High School have perfected an organization and will have committees in each of the precincts to get out the voters favorable to the bonds. It is stated there is a strong element unfavorable to the bonds.

It is conceded that a rousing whirlwind campaign, similar to that carried on for the Y.M.C.A. building fund, is now needed in the high school bond issue. It is suggested that the Board of Trade, Merchants' Association, Young Men's Christian Association, Young Women's Christian Association and other organizations throughout the city and school district, could do nothing more advantageous to the city of beautiful homes, roads, and a number of small cities and hamlets each working against the others.

Y.M.C.A. EVENTS. The annual entertainment of the Pasadena Young Men's Christian Association at Lowe Operahouse tonight will be one of the best amateur events of the year. The programme will consist of several vaudeville acts, interspersed with dramatic exhibitions by the local class. The gymnasium class has been practicing many novel features embracing balancing, trapeze and bar work. The comedy acts are included in the programme, the cast being made up of members of the junior and senior classes of the association. The comedy act is a "Booby's Restaurant," by the members of the senior class. The association glee club and mandolin club will sing the music.

FOR GREATER PASADENA. The "boosting committee" of the Merchants' Association held an enthusiastic meeting yesterday morning and started "the ball rolling" for a Greater Pasadena, not exactly in the many words, but in effect. It recommended to the "body as a whole" that one day during the month of May be set aside as "bargain day," and that every merchant member of the association should have a bargain counter with things "marked way down." In fact, it is desired that some things be made so cheap that it is cheaper to buy than to let them alone. Then the entire city and all the surrounding cities, hamlets and cross roads are to be billed advertising "Pasadena's Bargain Day." The object is to get everybody "from all over" to come to town and see what the merchants have to sell and to turn the shoppers Crown Cityward. The idea is considered by the merchants generally as a most praiseworthy one. The city is growing very fast, and the outlying districts are forging ahead. Cow pastures of yesterday have paved streets, cement sidewalks, water, gas and other conveniences of up-to-date city life today. Out east it is built on nearly solid to Lamanda Park and Sierra Madre. Down south it is all the way to Alhambra. North it is clear to the mountain fastnesses, and for several miles up La Canada way. Hundreds of these people, most of whom are newcomers to Southern California, have never acquired the "trade-in-Pasadena habit." The booster's committee now proposes to give them the "from-Mislead" free and "show them" what the city has to offer.

WANT LOCAL CARS. To show to the Merchants' Association that it appointed a "bunch of five ones" as members of the booster's committee, that committee yesterday unanimously passed a resolution to the effect that something be done to get in running of transportation built and in running order from the business center of Pasadena to South Pasadena, Gardena, Alhambra, San Gabriel, Lancaster, Santa Ana, San Bernardino, Azusa, Arcadia, Altadena, La Canada, San Rafael Heights and Eagle Rock. It is the committee's belief that the more the merchants want local cars to operate between Pasadena and each place direct, and the fare in all cases reduced to 5 cents. The present fare to Sierra Madre is 30 cents round trip; to Monrovia, 45 cents; to Arcadia, 50 cents; and to the other places, 60 cents. The merchants say these high fares are detrimental to Pasadena, and turn the trade away. The Merchants' Association is out to "dead earnest" for consolidation and a Greater Pasadena. It does not expect to close up the stores in South Pasadena and Alhambra, but on the contrary, to enable those merchants to also hold home trade at home. It says a car line direct from Pasadena to Alhambra will enable the people to interchange.

## STEEL FOR BETTER SERVICE, LOS ANGELES TO PASADENA.

Delivery of Materials Begun on Lake Avenue Yesterday—Three-Car Through Trains to Run Over the Oak Knoll Route—Station to Be Built Soon on Site of the Present Barns on North Fair Oaks Avenue.

IN PREPARATION for the improved electric service planned for Pasadena, the Pacific Electric yesterday began the delivery of materials on Lake avenue in Pasadena for the building of a double track from California to Colorado streets, and within three weeks the double track will be installed.

The huge live-oak tree which has been in the way of double tracking in the past will be cut down by the street department to permit the double tracking.

This is only the first step in the plan for better service, for as soon as the officials can obtain the plans for the new station on North Fair Oaks avenue, construction will begin, and the exit tracks from the present barns will be torn up and new tracks giving a north-bound exit on Fair Oaks and a north-bound entrance on Raymond avenue will be laid. This information was officially given to The Times yesterday.

The three-car through trains which are to be run into Pasadena over the Oak Knoll route will run through the barns and will leave for Los Angeles over the Short Line, while the Short Line cars will enter the barns on the Fair Oaks avenue side and will leave via the Raymond avenue side for Los Angeles over the Oak Knoll route.

In this way the service facilities will be doubled without crowding Raymond and Fair Oaks.

It is also planned to place two or three local cars in service which will run in opposite directions through Pasadena, one on the Oak Knoll route and one on the Short Line. The new service will be installed as soon as the four-track, which is now going on between Indian Village junction and El Molino junction on the Short Line and the Monrovia line is completed. This work probably will be finished within six weeks, as the greater part of two of the new tracks is complete and only one had cut and all the other work necessary for the work is ready for completion.

The reason stated by the Pacific Electric officials for the running of three cars on the Short Line is the fact that at the present time fully 50 per cent of the Short Line traffic transfers at Fair Oaks and Colorado, and of this amount 75 per cent, taking on between Indian Village and El Molino junction on the Short Line and the Monrovia line is completed. This work probably will be finished within six weeks, as the greater part of two of the new tracks is complete and only one had cut and all the other work necessary for the work is ready for completion.

The reason stated by the Pacific Electric officials for the running of three cars on the Short Line is the fact that at the present time fully 50 per cent of the Short Line traffic transfers at Fair Oaks and Colorado, and of this amount 75 per cent, taking on between Indian Village and El Molino junction on the Short Line and the Monrovia line is completed. ## MARRY BENEATH ROSES.

Winter Guest at Glendale Weds Oil Man of Los Angeles—Only Twelve Present.

GLENDALF, April 21.—Miss Louise G. Frase, daughter of Mr. and Mrs. T. L. Frase of Illinois, who are spending the winter months at this place, was quietly married to Orlander A. Lane of Chestnut street, the wedding taking place at the home of the bride's brother, Arthur Frase, on Fourth street, at 11 o'clock this morning. Rev. F. L. Moody, former minister of the local Baptist church, performed the simple but impressive ceremony. At the wish of both parties the affair was very quiet, only twelve members of the family being present.

The home was decorated with a profusion of roses and greenery, the happy couple standing beneath a wealth of white roses between the dining and living-rooms during the ceremony. The bride was given in a neat traveling suit, and carried a shower bouquet of carnations. Both were unattended.

Mrs. Lane is a graduate of a missionary training school of Chicago, in which she taught for some time. She has been active in home missionary work for many years. Mr. Lane is in the oil business, having offices in the Glendale building in Los Angeles. He was recently elected to the office of City Trustee of Glendale by a popular vote.

After a wedding trip of two weeks at San Diego and Coronado, Mr. and Mrs. Lane will return to Glendale, and will make their home at a cottage recently erected by the groom at No. 1017 Chestnut street.

CENSUS PROBLEM SETTLED. All Members of Soldiers' Home, Whether on Furlough or Otherwise, Belong to Institution.

SOLDIERS' HOME, April 21.—Bert Farmer, Supervisor of Census for the Seventh district, which includes this home, was in camp today conferring with Enumerator Howard Young, in relation to veterans of this home sleeping outside with their families, and members on furlough, particularly with reference to those residing in Sawville. He decided that under the rule the Soldiers' Home must be regarded as an "institution," and that all its members in good standing must be enumerated in that place, whether on furlough or otherwise temporarily absent.

Twenty-five deaths have taken place in this home since April 1, including the six here given. Walter P. Mitchell, late Company A, Twenty-fifth New York Cavalry, a native of New York, died April 17, aged 41.

Ivel D. Smith, late Company D, Fourth Iowa Cavalry, a native of Tennessee, died April 17, aged 68. Job B. Stockton, late Company B, First Kentucky Infantry, a native of Ohio, died April 17, aged 78.

Elie L. Frindle, late Company E, First Colorado Cavalry, a native of Ohio, died April 17, aged 78. Peter Toomey, late Company C, First United States Cavalry, a native of Germany, died April 17, aged 78.

Edward S. Hall, late Company D, First Illinois Light Artillery, a native of Maine, died April 20, aged 62.

Germs in Her System. Every Woman Should Read this Advice and the Generous Offer that Goes With It.

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the snuffs, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Reckall Muc-Tone is scientifically prepared from the prescription of an eminent physician who for 30 years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

## W.B. REED'S CORSETS.

REDUSO Corsets transform the figure of large women completely. The hips and abdomen are reduced from one to five inches by the use of attachments of any sort.

REDUSO, Style 776 (As pictured).—For well-developed figures. Medium high back, long over hips and abdomen. Durable construction; 3 pairs hose supporters. Sizes 19 to 36. Price \$3.50.

## Happenings South of the Tehachepi.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## APPROVES FIRST CASE.

General Land Office Will Issue Patent to Property in Imperial Valley.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON (D. C.) April 21.—(Exclusive Dispatch.) The General Land Office approved the first case from Imperial yesterday. On the recommendation of Special Agent H. B. Battersby, the patent will issue. Some cases have been returned to Battersby, where contents exist. Commissioner Bennett believing the contents can, in most cases, be settled best on the ground, and suits avoided.

## SCORCHER.

## FIRE ORDERED BY THE CITY.

## TORCH IS APPLIED TO HOUSE LONG CONDEMNED.

Angeleno, Alleged to Have Deserted Wife, Caught at El Cajon and Taken to San Diego Jail—Former District Attorney Will Campaign Against Congressman Smith.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIEGO, April 21.—(Exclusive Dispatch.) The city government today turned incendiary. A three-room house that for years has stood vacant was condemned by the health authorities. Frequent notices sent out by the health department that the owners must keep the premises clean met with no response. Conditions arose that necessitated immediate action. Consequently the city health officers, in the presence of members of the Council, this afternoon applied a torch. Fire soon swept the place clean of vermin.

## WIFE DESERTER?

Thornton Watson, alleged to be a wife deserter, was brought to the County Jail today. He is to be held until the arrival of Constable Cochran of Los Angeles, who has a warrant for his arrest. According to local information, Watson is accused of deserting his wife in Los Angeles last February.

## REVEALS FORMER HUSBAND.

A marriage license issued to John W. Hamilton, of this city, and Amanda Hamilton, of South Haven, Cal., reunites former husband and wife who were divorced seventeen years ago. The woman came all the way from Connecticut to become a bride for the second time. The divorce was granted by the court because of her husband's failure to support her and their two children, both grown. "We had a slight misunderstanding and I came West," said Hamilton. "Later our children came here and they frequently urged their mother to come also. After some correspondence she decided to come and now that we have made up we are going to be the happiest couple in California."

## OPPOSES SMITH.

Attorney Lewis R. Kirby, of this city, has decided to give Congressman S. C. Smith of Bakersfield a chance to do some campaigning, as Kirby is a candidate for the Republican nomination. He is now circulating petitions. Kirby was elected District Attorney but resigned to resume the practice of law.

## PASTOR INSTALLED.

Rev. T. E. Stevenson, pastor of the Inglewood Presbyterian Church, acted at the installation of Rev. E. F. Hallock as pastor of the First Presbyterian Church of this city, last night. Other visitors present were Dr. John Willie Baer of Los Angeles, Rev. W. B. Banta of Highland Park, and Rev. J. Stevenson, of Santa Ana. Rev. Mr. Hallock was recently called to the local pastorate at a salary of \$4000 per year.

## WALSH TO TOUR.

Charles F. Walsh, the local aviator, who has perfected a biplane, has arranged to tour the Pacific Coast States. He has been successful in making flights over the coast and is now planning to make a tour of the Pacific Coast. An aviation camp has been established at Imperial Beach, where Walsh makes his practice flights, and where several other ambitious men are at work on various types of flying machines. Walsh expects to give an exhibition in Los Angeles within a few weeks.

## TOURISTS MUTILATE TREES.

The Board of Park Commissioners is informed that the famous Torrey pines in the park at La Jolla will soon be denuded of all their branches, because tourists cut off the limbs to carry away as souvenirs. The trees now are badly mutilated according to complaints to the park board. An officer probably will be stationed there to prevent further encroachments upon city property.

## HANDWRITING EXPERT.

Edward Jung, business college of Los Angeles, was called to San Diego this week by Dist. Atty. Utley to testify as handwriting expert in the "treble" case. About twenty vacant houses during the last two or three months. The perpetrator of this incendiary became so bold as to demand from the city to stop his infernal work. This demand was made through communications to the newspapers, a suspect is now on trial.

## COLTON.

COLTON, April 21.—Andres Alvarado was arrested by Southern Pacific Officer Haines and Watchman T. A. Blair of Los Angeles. The tent house on J street owned by J. D. McLaren was entered yesterday and a quantity of goods stolen. Alvarado was arrested here, the present one being charged with burglary. Haines this morning and his preliminary hearing set for tomorrow. Bail was fixed at \$1000.

## HARRY MORRIS.

Harry Morris has reported to the officers that his bicycle was stolen from the front of the postoffice day before yesterday. Morris left his wheel in the curb between the hours of eight and nine and went for a drive. When he returned the wheel was gone. Miss Dorothy Armstrong, a promising young violinist of this city, was a member of a house party given by Herr and Mrs. Trillo Becker at Los Angeles last evening at the home of Misser Pearl and Blanch Hurd of F street.

## EMMA JONES.

Mrs. Emma Jones and Henry Ahler, whose marriage will take place next week, were tendered a china shower last evening at the home of Mrs. Pearl and Blanch Hurd of F street.

## HAY AT WHOLESALE.

There was a pretty woodwinds wedding in this county this afternoon, under the oak trees at Foster Park, when

## RIGHT DIRECTION.

## COMES SOUTH TO BUY RANCH.

WENATCHEE, WASH., MAN GETS SAN JACINTO FARM.

Secures Quarter Section Upon Which Are Grape Vines Which Were Planted by the Mission Fathers—Los Angeles Wholesale Butcher Buys Cattle.

SAN JACINTO, April 21.—O. C. Tripp this week sold his 160-acre ranch

Castle Cañon to Pratt M. Corbaley, the consideration being \$3000. The purchased is from Wronches, Wash., and for the past two years has been residing with his wife at Glendale. He expects to make a home of it at once begin extensive improvements. This place is well known as one of the most picturesque in the valley. A perennial mountain stream flows the length of the ranch, furnishing an abundant water supply for the land, and along this stream are growing grape vines that were planted by the mission fathers thirty-five years ago. There are about eighty acres of tillable land, suitable to apple and orange culture, as the protecting cañon side makes the location frostless. Seven hundred apple trees are now growing on the property.

Henry Deobler, a wholesale butcher of Los Angeles, this week purchased a \$1000 consignment of beef cattle from Fred McIntyre. The beefs were loaded at the San Jacinto station Tuesday morning and will be in condition at present, and it is expected large consignments of cattle will be sent out from his vicinity during the next six weeks.

Work on the new Catholic church to be built at Soboba was begun Wednesday. The old frame building has been torn down and moved, and the modern church will be erected on the same site. The building will be constructed under the supervision of Father William Hughes, the local circuit priest, and when completed will be one of the finest Catholic mission churches in Southern California. The main building is to be 30x60 feet in dimensions, with a confessional room 10x10 feet at the rear. The material used will be reinforced concrete. A roof of billings will give the building an architectural effect of the mission type. Crude Indian drawings will be used on the interior walls. The church will cost, it is estimated, \$3000, in addition to the labor voluntarily contributed by the Indians of the district.

Miss Inez Hyatt, daughter of State Superintendent of Education Hyatt of Sacramento, arrived in San Jacinto Wednesday to visit her father. Mr. and Mrs. E. J. Lottodon entertained with a party Wednesday evening at their ranch home on Montrose avenue. The party was in the way of a farewell to the old ranch, the family expecting to remove from the place this month. A large number of friends were present, and the evening was pleasantly passed with games. Refreshments of ice cream and cake were served.

G. A. Tomlinson this week disposed of his property on Main street to O. P. Thompson. Mr. Tomlinson intends to invest further in San Jacinto property.

## HAYING ABOUT TO START.

Mrs. Dolores de Pico and daughters returned the first of the week from an automobile trip to Los Angeles. Haying will begin at the Casa Loma Rancho next week, followed closely with the great harvest at Santa Ana—Temporary Insanity is Chief Line of Defense.

## SANTA ANA, April 21.—That S. H. Overacker was suffering from a maniacal frenzy, for which brain storm is another name, when he killed G. A. Winn on January 15, is the theory of the defense. Today three physicians, Drs. J. R. Medlock, F. M. Bruner and H. E. W. Barnes, testified for the defense. Long hypothetical questions that embodied the allegations of the defense were put to them. These reviewed Overacker's state of health for many years, alleged hallucinations, aggressions and threats made by his neighbor, Winn.

"Under those conditions, was Overacker sane or insane when he shot Winn?" asked Attorney W. H. Thomas for the defense.

Each of the three physicians answered, "insane." They all said it was their opinion that Overacker suffered from melancholia. He was worked up to the point where he lost control of his defense. Dr. Barnes stated that in the case of this point was where the brain storm came in. In the Overacker case he designated it as "maniacal frenzy."

## PETITIONS COURT.

The First Congregational Church of this city has petitioned the Superior Court for permission to sell its parsonage for \$2000, to be applied to the congregation's new church. Rev. C. H. Succombe, pastor of the church, is going to build a home of his own.

The Inquest over the body of Gregorio Espinoza, killed yesterday by Chinese Inspector Ralph Conklin of San Diego, was postponed from 2 o'clock today to 2 o'clock tomorrow. Espinoza was killed while guiding a band of contraband Chinese from across the Mexican border. The postponement of the inquest was for the purpose of bringing a man here from San Diego to testify in the case.

Marriage license: Joseph L. Langman, 23, and Martha A. Bauer, 22, both of Los Angeles; Arthur M. Brown, 24, and Vada Miller, 24, both of Los Angeles; Charles Michaels, 28, and Emma C. Williams, 19, both of Los Angeles.

## ANAHEIM.

ANAHEIM, April 21.—Dr. John Boege of this city and Miss Augusta Jacobson of Orange were married at the home of the groom's parents in Anaheim last evening. An auto trip to Old Mexico, returning by the way of Elsinore, Redlands, Riverside and Corona, will be their wedding trip.

A special election will be called next month to decide the tie vote of W. P. Quanton and C. L. Becker for city Trustee, each having received 283 votes at the recent city election. Quanton is endorsed by the Merchants' Association and Becker by the Citizens' Alliance.

## WILD WEDDING.

There was a pretty woodwinds wedding in this county this afternoon, under the oak trees at Foster Park, when

## MALE AND FEMALE AND STRONG

## By Lydia E. Pinkham's Vegetable Compound

Jefferson, Iowa.—"When my baby was just months old I was completely run down and my internal organs were in terrible shape. I began taking Lydia E. Pinkham's Vegetable Compound, and another trouble and told you just how I was. I began to gain at once and now I am real well."

Mrs. W. H. Bunker, 700 Cherry St., Jefferson, Iowa.

## Another Woman Cured.

Glenwood, Iowa.—"About three years ago I had falling and other female troubles, and I was so sick I could not do my own work. Within six weeks I was cured and was well by Lydia E. Pinkham's Vegetable Compound. I will always tell my friends that your remedies cured me, and you can publish my letter."—Mrs. C. W. Duns, Glenwood, Iowa.

If you belong to that countless array of women who suffer from some form of female ill, just try Lydia E. Pinkham's Vegetable Compound. For thirty years this famous remedy has been the standard for all forms of female ill, and has cured thousands of women who have been troubled with such ailments as displacements, fibroids, tumors, ulceration, inflammation, irregularities, backache, etc.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

young merchant at Saticoy, was married to Miss Camille Emma Power, a pretty Pasadena girl, and a former resident of this city, and Saticoy. The ceremony was performed in the presence of the friends of the family. Mr. and Mrs. Harwood will reside at Saticoy.

Rev. Father Grogan of the Old Mission Church, left today for a visit of three months in Ireland before returning. He will go direct to Naples, Italy, and Rome, and will visit other countries. His place will be filled here by Father DeFonso.

Chester Chaffee was severely hurt a few days ago, when engaged in haying at Camarillo. He was thrown by a fractious horse and received a bad wound on the head, and it is feared internal injuries. He is now at the hospital.

## OLD EXCUSE.

## TWO CONVICTS ELUDE GUARDS.

Four of Six Prison Breakers Are Recaptured.

Held Up Switch Engineer With "Dummy" Guns.

Fugitives Practically Certain to Be Caught Soon.

(ASSOCIATED PRESS NIGHT REPORT.)

LEAVENWORTH (Kan.) April 21.—Two of the six convicts who escaped from the Federal prison at Fort Leavenworth today by seizing a switch engine and threatening the prison guards with dummy revolvers made of wood, are being sought tonight by a posse of forty armed guards, and scores of citizens. Four of the convicts were recaptured.

The men who got away, Theodore Mordock and Frank Grigware, are supposed to be in a wooded section known as Huma Valley, six miles west of the fort. They are said to have one gun, taken from a sentry, but practically no ammunition. Their capture is looked for hourly.

In solitary confinement tonight are the four who failed to elude the search which started when the prison alarm sounded there had been a jail break. They are Thomas Katling, Arthur Hewitt, Robert Clark and John Gideon.

The escape of Mordock was not noticed until the calling of the prison roll disclosed his absence. All but Mordock are serving life terms. Mordock was sent up from Chicago for counterfeiting.

Farmers for miles around are joining in the hunt. As soon as the escape of the two became known, the alarm whistle at the prison was sounded as a warning to farmers in the surrounding country to be on the lookout. This whistle can be heard for miles, and its use caused consternation. At the same time, heavily armed guards were thrown around the prison to prevent any further attempt at escape.

The break for liberty was made about 8 o'clock. Two of the convicts were at work in the carpenter shop and the others were in the tailor shop. A Union Pacific switch engine had backed into the prison yard. At the sound of the whistle, the men dashed into the yard and made toward the engine. Leveling dummy guns at the engineers, the men climbed into the cab and compelled him to reverse his engine. The engine with the convicts aboard rushed through the west gate into the open country and soon was speeding toward the woods.

When the engine had reached a point six miles from the prison the six men leaped to the ground and made for the woods. Clark and Gideon separated from the others, and soon were captured.

ONLY HAD "DUMMY" GUNS.

Then every available guard, led by Deputy Lemon, started after the other three men. A half-mile farther on the trio were surrounded by the posse. No shot had been fired on either side up to 11 o'clock when the guards began to close in upon the convicts. Although the convicts are all desperate men, it was believed their only weapons were guns made of wood and painted in the carpenter shop.

The fake weapons taken from Clark and Gideon had been ingeniously made. Even the cylinders showed imitation bullets protruding from them. When the men made their dash for liberty they covered Harry Reed, a guard, with their "guns" and forced him to enter the engine cab with them. But another guard, named Burnett, was in the vicinity. He rushed up, causing a wound from which blood flowed freely. Katling was only stunned and, running after his confederates, he scrambled into the engine just as it was getting under way. The guards inside the prison do not carry weapons. Katling was employed for five years as an engineer on the Lake Shore, and he assumed the leadership when the engine started. He directed Charles Curtin, the engineer, to "throw her wide open," and told "Fireman Millard Heeler to shove coal "as he had never shoveled before."

THROWN FROM CARRIAGE.

Escondido Valley Man Suffers—Marshall Is Appointed Street Commissioner.

ESCONDIDO, April 21.—Harry Merriam, a son of Maj. G. F. Merriam of Twin Oaks, was thrown from his carriage while driving home from Escondido Tuesday, striking on his head and shoulders. The right shoulder was dislocated and he was otherwise injured. A. L. Butler, an aged man and an invalid, fell Tuesday and broke his collarbone, while at work in his garden.

M. L. Culp, for several years constable, has been appointed street commissioner and street inspector in connection with his position of City Marshal, and has assumed the duties of the three offices.

NEARLY CHOKED TO DEATH.

Workman on the Allen Ranch Near Artesia Has Narrow Escape from Being Suffocated.

ARTESIA, April 21.—Ira Childers, a workman on the Allen ranch east of town, was nearly choked to death this morning. He was driving a mule team hitched to a beet roller. The reins were extra long and he had coiled up the surplus and dropped the coil around his neck, to keep them from dragging. The hanging end went under the roller and tightened the coil, jerking Childers from the seat and pulling his head down against the steel roller. He tried to speak to the team but it was done so suddenly that he could not stop them. The reins tightened around his throat until he lost consciousness.

F. D. Caldwell, foreman of the Arthur ranch, drove up from behind about two minutes later and found the outfit stopped at the side of the road. He noticed that Childers' face was black and that his tongue was sticking out of his mouth. He dismounted and cut the lines. The stricken man was hurried to Artesia and for a time it was thought that life was extinct, but he is now gradually recovering and the physician says that he will suffer no ill effects.

## "RED-LIGHT" IS CLOSED.

Many Girls Taken in Custody by Police, Victims of "Sporty" Young Men.

Two more young girls were added to the startlingly long list of those who have been found delinquent within a few weeks. During the last fifteen days the detective department has handled a record-breaking number of cases where girls under age have been made victims by men older than themselves. Officers are at a loss to account for the prevalence of such cases, and will make strenuous efforts to make examples of the men who are alleged to be guilty of causing delinquency.

Working in restaurants where she was daily thrown into contact with men who delight to prey upon girls, proved the downfall of Bertha Johnson, 15 years old, who was taken to the County Jail last night on a charge of incorrigibility filed by her parents, who live at No. 1200 South Union avenue. At the time of her arrest, J. Hammer, 39 years old, was arrested and locked up in the City Jail charged with contributing to the delinquency of a minor child. Fred L. Johnson, the father of the delinquent girl, heard that his daughter had been living in a rooming house at No. 528 East Sixth street, with Hammer.

The girl says that her parents insisted that she should go to work and become self-supporting when she was 12 years old. She worked as a waitress in the Palace restaurant and several Spring-street lunch parlors during the last three years, and kept from going astray until recently, when she fell prey to the sporty habits of the places in which she was employed. Although evidence was produced to show that she is not more than 15, she could easily pass as a woman past 20. Her childish mind and womanly appearance were the cause of her disgrace. She will have an early hearing in the Juvenile Court. Hammer will have a preliminary hearing today before Justice Williams.

sized Ellison, 17 years old, a girl of good family, will be forced to appear as an unwilling witness against Richard Buchanan, an employee in the Southern Pacific shops, who is charged with contributing to her delinquency. She confessed to a delicate condition, and is understood to have implicated Buchanan. He is now in the City Jail.

ECHO OF CITY CAMPAIGN.

Beau de Zart, Who Aspired to Councilmanic Honors, Sued by Man Who Electioneered for Him.

Fred W. Beau de Zart, who had aspirations last fall to become a City Councilman, was sued in Justice Sumnerfield's court yesterday, for \$54, which D. E. Mellus alleges is due him for services and expenditures while electioneering for the candidate.

Mellus set up a contract whereby he was to receive \$150 a week for two weeks' work. He admitted he had been paid \$29 on account. He also declared that he had paid \$3 for a box of election cigars. It was possible the quality of the cigars he purchased which he hoped to carry Beau de Zart down to defeat.

The defendant sought to take advantage of the primary laws which dictate that any one filing a claim against a candidate must file it within ten days after the election, and that the candidate must file with the County Recorder a statement of his expenses within fifteen days after election. This claim was not filed with Beau de Zart.

Mellus asserted that he had an express contract and that it was not affected by the election provisions. The magistrate did not decide the case, but indicated that he will hold that the object of the contract was to defeat the election laws and that no recovery can be had.

CATASTROPHE.

FOUR HURT IN AUTO ACCIDENT.

BIG MACHINE TURNS TURTLE ON CASITAS GRADE.

Both Sets of Brakes Give Way and to Avoid Going Down Precipice Driver Has to Turn Car Into Bank. Two Women Severely Injured and Couple of Men Bruised.

(BY DIRECT WIRE TO THE TIMES.)

SANTA BARBARA, April 21.—(Exclusive Dispatch.) While coming down the west grade of the Little Casitas Pass late this afternoon a big Stevens-Duryea, bearing an eastern license number, struck the bank and turned over, seriously injuring two ladies and bruising two men. They were taken to Shepherd's Inn at the foot of Casitas. Dr. Sidebotham hurried to the inn and there found that one of the women suffered a broken leg and that the other is badly bruised and probably injured internally. The men received bad bruises and lacerations. The accident was caused when both sets of brakes gave way and rather than run over the high cliff the driver of the car turned it into the bank, which resulted in it turning over.

According to a wireless dispatch to-night from Beecher's Cove, Santa Cruz Island, the torpedo flotilla will sail for San Pedro tomorrow for coal, and return for recaptured target practice Sunday. The flotilla will proceed to San Diego, April 28.

COMPROMISE EFFECTED.

A struggle between mother and son for control of the half-million-dollar estate left by the late "Lord" Broome, was ended today by a compromise, through which the widow, Mrs. Frances Broome, who has been administrator of the estate, accepts a proposition for an immediate distribution. The late Lord Broome sought to have his mother deposed from the administration, on the ground that she showed inefficiency when she lost the palatial Broome residence by her refusal to submit to a \$25 street tax. Mrs. Broome's other two children, a son and daughter, stood by their mother in the legal struggle. The estate consists chiefly of extensive ranch holdings in Santa Barbara and Ventura counties.

LOSERS ONE EYE.

Will Cross, son of Probation Officer T. J. Cross, returned today from Los Angeles, where last week he was operated on for the removal of an eye. He was injured several years ago while employed at a local bottling works, when a bomb exploded in his hand. Since then he has been bothered with the eye to a considerable extent and lately began to grow blind in both eyes. To save the sight in one eye an operation was decided upon. It was entirely successful.

Ten of the New York enumerators who began last week to gather facts concerning the population of Manhattan have resigned, threatened with nervous prostration.

## WANT TO GET LOWER RATES.

FRESNO MERCHANTS INTEND TO MAKE STRONG FIGHT.

Committee of Chamber of Commerce Formed to Arrange to Bring Complaint Before the Interstate Commerce Committee—Memorial to Be Erected to Theo Kearney.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

FRESNO, April 20.—That the citizens are determined to make a strong fight to secure an adjustment of freight rates is shown by the meeting of business men which has resulted in the organization of a Fresno Traffic Association. Heretofore when the question of securing terminal rates has been broached by some civic organization usually one formed for the purpose, there has been an noticeable hanging back on the part of a good proportion of the merchants. This time, however, the feeling seems to be unanimous that Fresno is being discriminated against and that the character of the freight service rendered is not what it should be.

The committee of the Chamber of Commerce which canvassed the situation reported to the public meeting that there was a universal demand for the formation of a traffic association, which would be produced to show the chairman of the meeting, Attorney M. K. Harris, has been for years a leader in public affairs, notably cooperation in the marketing of raisins, and the formation of irrigation associations. He has named to act with him in the drawing up of a plan of procedure for the traffic association: W. B. Holland, a prominent merchant; Louis Gundinger, a capitalist of Fresno, and D. A. Cashin, an attorney. Formal arrangements will be made to bring Fresno's complaint before the Interstate Commerce Commission.

KEARNEY MEMORIAL.

M. Theo Kearney, known all over California for his organization fifteen years ago of the Raisin Growers' Association, and more recently for his gift of a \$1,000,000 estate to the University of California, is to have a monument in this city. A memorial arch or other form of memento will be erected by subscription of the citizens, probably to be erected at the entrance to Kearney avenue, a magnificent drive running from this city six miles westward to the Kearney Park.

The determination to erect the monument was arrived at this afternoon by the members of the real estate board, at their luncheon, the subject being brought up by Manager A. G. Wilson of the Huntington interests. Mr. Wilson was appointed head of a committee to have charge of the matter, and will at once commence the collection of funds. Mr. Kearney's work in the development of Fresno, of which he has been a leader, is well known. He has been in Hamilton for some time, and has been trying out his new thirty-horse-power Curtis machine on the open plains near Mendota in this county. It is certain of making a success of his venture.

RAISIN DAY.

"Raisin Day," with its carnival, parade and other features to attract visitors to the metropolis of Central California on the 30th inst., is to have a special feature in the form of a people's hall, son of Judge S. P. Hall of the San Francisco District Appellate Court, which will be held in the professional auditorium, and will give his first public exhibition in this city at the County Fair Grounds, recently used by G. K. Hamilton with great success. Hall, who has been with Hamilton for some time, and has been trying out his new thirty-horse-power Curtis machine on the open plains near Mendota in this county. It is certain of making a success of his venture.

BONDS ARE CARRIED.

Visalia Citizens Pass Favorably on Issue of Nearly One Hundred Thousand Dollars.

VISALIA, April 19.—At the municipal election yesterday in this city, bonds in the sum of \$95,000 were voted for municipal improvements. Of this sum \$70,000 will go toward the improvement of the concrete aqueduct to hold the waters of Mill Creek, which flows through the town and which, on several occasions in the past in periods of high water has overflowed and flooded a portion of the city. The remainder of the money is to be used for putting down cement sidewalks along the same property. This is the third bond election for municipal improvement, started by Visalia with in the past three years, the entire sum voted aggregating \$195,000. Three weeks ago \$25,000 for a new high school was carried.

RAISES CHECK.

M. P. Bradshaw, a young man who has been employed by the Lemon Cove Citrus Company for the past year, was arrested yesterday, charged with raising a check. He was on his way home to Tennessee at the time. The company held out \$10 on him for supplies purchased when he left its employ, and gave him a check for \$24, the amount due him for back wages. Upon reaching Visalia, Bradshaw raised his check to \$10, saying afterward that he did not know that it was wrong. The company did not wish to prosecute him nor did the local store where the check was cashed, so he was allowed to proceed on his way after spending a few hours in the local jail.

LOSERS ONE EYE.

Will Cross, son of Probation Officer T. J. Cross, returned today from Los Angeles, where last week he was operated on for the removal of an eye. He was injured several years ago while employed at a local bottling works, when a bomb exploded in his hand. Since then he has been bothered with the eye to a considerable extent and lately began to grow blind in both eyes. To save the sight in one eye an operation was decided upon. It was entirely successful.

Ten of the New York enumerators who began last week to gather facts concerning the population of Manhattan have resigned, threatened with nervous prostration.

## We Want You to Know

that every item in our advertising, be it ever so small, must pass the inspection of four trained experts before it is finally accepted. Often when the bargains are almost "too good to be true," we understate the real values—making pleasant surprises for you.

LARGEST DEPARTMENT STORE WEST OF CHICAGO

A superior quality, 36 inches wide with fancy colored and black stripes on white and tinted grounds. Splendid for waists—of which so many are needed—dresses and men's and boys' shirts.

3 Good Linen Values

BL'CH'D MERCERIZED DAMASK, YD. 45c  
A splendid quality, 60 inches wide. Finest white table damask in many flowered designs. Crisp and fresh looking after it's laundered—a desirable requisite.

GERMAN L'WEN DAMASK, AT YARD 58c  
Unbleached satin damask that will be snow white after a few visits to the tub. An excellent quality and choice range of pretty floral patterns.

MERCERIZED NAPKINS, DOZ..... \$1.25  
To match the mercerized damask in quality and very similar in design. All floral patterns—any one of which you'll like. An unusually good damask.

Dress Goods and Silks

Some very choice weaves in silk and all-wool dress patterns are among these listed today.

36 TO 44 INCH SUITINGS, YARD 50c  
For coats and suits and all out-of-door garments these suitings are especially good. Black, white and checks.

44 TO 46-INCH SUITINGS; choice weaves, 75c.  
44-Inch Dress Goods; popular colors, \$1.

SHOWER-PROOF SILKS, YARD..... \$1.00  
Cheney Bros.' 24-inch silk foulards, with the rich, lustrous finish that is so admirable. Nothing prettier for one-piece dresses and afternoon costumes. The maker's name assures you of the quality.

Neat Foulards; 24 inches wide; yard, 75c.  
34-inch Imported Shantung; natural, \$1.

Embroideries

Special 5c Per Price.. 5c Per Yard

Embroideries

Special 5c Per Price.. 5c Per Yard

A most important purchase and sale of high-grade suits. Worth a half more than our special prices. Suits that are very rich and attractive in many ways. They are late—the styles are assured, and they are just right in weave—and now WEAVE IS ALL-IMPORTANT. Some of the very newest fashionable colors, too. Really, what more could you wish?

\$20.00 Suits to \$11.95

Never has a showing of similar suits been so attractive. Numerous models in all the latest tan, gray and many dainty style coats—fitted or semi-fitted—that are made to hang right so long as they hang.

Lingerie Waists

Lingerie waists—the sort that every woman is wearing—hundred-and-one purposes—there is nothing like them in cases and for semi-dress affairs.

There are about 30 down—each that will appeal to you in the dainty materials and the construction. Choice of both sleeves. All sizes.
